Marriage Discourses Jowan A. Mohammed, Frank Jacob, 2021-11-22 Marriage was historically not only a romantic ideal but a tool of exploitation of women in many regards Women were often considered commodities and marriage was far away from the romantic stereotypes people relate to it today While marriages served as diplomatic tools or means of political legitimization in the past the discourses about marital relationships changed and women expressed their demands more openly Discourses about marriage in history and literature naturally became more and more heated especially during the long 19th century when marriages were contested by social reformers or political radicals male and female alike The present volume provides a discussion of the role of marriage and the discourses about in different chronological and geographical contexts and shows which arguments played an important role for the demand for more equality in marital relationships It focuses on marriage discourses may they have been legal or rather socio political ones In addition the disputes about marriage in literary works of the 19th and 20th centuries are presented to complement the historical debates

Violence in the Forum Natale Barca, 2024-09-30 Weaves together the military political and social aspects of this tumultuous period of Roman history The entry of daggers into the Forum is an expression that identifies two precise historical moments when two tribunes of the plebs brothers Tiberius Sempronius Gracchus and Caius Sempronius Gracchus were murdered in Rome in 133 and 122 BC amidst bloody riots These deaths and subsequent events marked the rupture of the constitutional order in the Roman Republic and the beginning of a political crisis Thus began a political process that would lead over the span of three generations to the end of the res publica a transition of endless violence ransacking and destruction including three bitter and bloody civil wars Internal politics in Rome in this period was fueled by social conflict the confrontation between two political alignments the Optimates and the Populares each headed by an eminent figure and was characterized by sectarianism and factional intolerance It was characterized by speeches delivered in the Senate in the streets and in the courts with solemnity and intensity but equally by

the daggers that flashed in the hands of conspirators and assassins by street riots with thousands of victims by real or alleged coups d'état with ferocious mass repressions by summary executions by victims abandoned to the fury of the mob of widespread civil wars whose battles intertwined with those against enemies abroad manhunt horrendous crimes the system of legalized killings that aimed at the annihilation of political opponents known as proscriptions corruption and brutal and mass killings This book discusses this tumultuous period in Rome between 133 and 78 BC covering the plots of the Senate of Rome against the Gracchi and their violent ends the mysterious death of Publius Cornelius Scipio Aemilianus destroyer of Carthage and of Numantia the ferocious lynching of Lucius Apuleius Saturninus the seditious tribune of the plebs the civil war between Marius and Sulla including the siege and capitulation of Rome and Marius reign of terror ending with the definitive victory and proscriptions of Sulla

Studies in Latin Literature and Roman History Carl Deroux, 1979 **Themes, Character, and Politics in Plutarch's Life of Lucullus** Manuel Tröster, 2008 The modern image of the Roman aristocrat L Licinius Lucullus cos 74 B C is to a large extent the creation of the Greek biographer Plutarch whose narrative is structured around a number of themes and leitmotifs the protagonist's association with Hellenic culture his luxurious lifestyle and various issues related to his role as a political and military leader In all of these fields the depiction of Lucullus is conditioned not only by Plutarch's interests and emphases but also by the nature of the sources at his disposal Owing to Plutarch's biographical technique and due to the bias of the contrasting traditions underlying his account the protagonist's actions are frequently decontextualised from their contemporary setting Lucullus emerges from this book as an ambitious noble operating within the highly competitive system of Republican politics and seeking to accumulate and to display power and prestige
