Normalize Great Service - The 5-Week Plan

Cristina Dragan, 2024-05-14

Normalize Great Service The 5 Week Plan is a detailed practical guide inspired by 5 hospitality best practices for entrepreneurs and small business owners to better serve their employees and customers. It leads with the vision that great quality service should be normalized, making it possible to have attentive and professional interactions across all customer-facing businesses regardless of their scale and level of luxury or simplicity. Along with a structured and practical approach to change, allocating the necessary importance to the follow-up steps as well as reinforcement and celebration, the guide includes:

- Self audits to assess the current state of employee engagement or customer satisfaction.
- A Facilitator Guide to help you streamline the training.
- A Participant Workbook to serve as the foundation for your team members' training.
- An abundance of examples to inspire you based on a practical study case.
- Useful exercises and templates to support your team's efforts.

So Take What You Need and Join the Movement to Normalize Great Service. If you are a small business owner in the customer-facing service industry, a servicepreneur, then you are the leader; everything will reflect your actions and decisions. So TAKE WHAT YOU NEED and your team NEED to exceed those expectations. Appreciate and celebrate more, listen to the emotional and physical voice of your employees to better care for them and listen to the needs and wishes of your customers to guide your service. If you are a freelancer or a solopreneur, you are a one-woman show, being at the same time the business, the employee, the brand, and the values. TAKE WHAT YOU NEED to shape your skills and create experiences rather than provide services. Answer that call, write that email, connect in that meeting, and deliver that project at its best level. Select the gestures, words, tools, and mentalities that add value to your work. If you are a service professional, I admire your dedication to self-development. TAKE WHAT YOU NEED to upgrade your many talents, become even more valuable on the market, and declare yourself an experienced curator because that's what you are. If you are a customer and all of us are customers, daily respect yourself by not accepting service below expectations and appreciate the service employees' continuous effort to create experiences. TAKE WHAT YOU NEED, know what you deserve, and don't settle for less.
