Box Office Deal:

The Feature Film Distribution Deal John W. Cones, 1997 John W. Cones whose real goal is to stimulate a long term film industry reform movement shows how the financial control of the film industry in the hands of the major studios and distributors actually translates into creative control of the industry. Cones discusses the pros and cons of the debate relating to the industry's so-called net profit problem and the way in which the distribution deal plays an integral part in that problem. He then breaks down five major film finance distribution scenarios explaining various distribution deals and suggesting ways of negotiating distribution. Critically examining the specific terms of the distribution deal itself, Cones covers gross receipts, exclusions, distributor fees and distribution expenses. He also investigates the various forms of interest issues of production costs, matters of creative control and general contractual provisions. For handy reference, Cones includes an extensive checklist for negotiating any feature film distribution deal. The list deals with distribution fees, distribution expenses, interest production costs, creative control issues, general contractual provisions, distributor commitments and the limits of negotiating. His nine appendixes present a Motion Picture Industry Overview, Profit Participation Audit, Firms ADI Top 50 Market Rankings, an AFMA Member List 1992-1993, a Production Financing Distribution Agreement, a Negative Pickup Distribution Agreement, a Distribution Rights Acquisition Agreement, a Distribution Agreement, Rent a Distributor Deal and a Foreign Distribution Agreement. Cones wrote this book for independent producers, executive and associate producers and their representatives, directors, actors, screenwriters, members of talent guilds, distributors and entertainment antitrust and securities attorneys. Securities issuers and dealers, investment bankers and money finders, investors and financiers of every sort, also will be interested. In addition, Cones suggests and hopes that the book will interest Congress, their research staff, government regulators at the Internal Revenue Service, the Securities and Exchange Commission, the Federal Trade Commission and law enforcement officials such as the Los Angeles District Attorney and the U.S. Justice Department.

Box Office, 1958 **Marketing to Moviegoers** Robert Marich, 2013-01-30 While Hollywood executives spend millions of dollars making movies, even more money is poured into selling those films to the public. In the third edition of his comprehensive guidebook, *Marketing to Moviegoers: A Handbook of Strategies and Tactics*, veteran film and TV journalist Robert Marich plumbs the depths of the methods used by studios to market their films to consumers. Updates to the third edition include a chapter on marketing movies using digital media, an insightful discussion of the use of music in film trailers, new and expanded materials on marketing targeted toward affinity groups and awards, fresh analysis of booking contracts between theaters and distributors, a brief history of indie film marketing and explorations of the overlooked potential of the drive-in theater and the revival of third party financed movie campaigns. While many books have been written on the business-to-business aspect of film promotion, Marich's volume is one of the few that focuses on the techniques used to sell motion pictures to those in a position to truly make or break a film. A highly navigable handbook that breaks down a
