**Empowering Digital Education with ChatGPT** Mohamed Lahby,2024-11-12 Recently there has been a significant increase in the development and interest in applying generative AI across various domains including education. The emergence of large language models LLMs such as the ChatGPT tool fueled by advancements in generative AI is profoundly reshaping education. The use of the ChatGPT tool offers personalized support improves accessibility and introduces innovative methods for students and educators to engage with information and learning materials. Furthermore ChatGPT facilitates a wide range of language learning services including language instruction speech recognition pronunciation feedback and immersive virtual simulations for hands on learning experiences. This book explores the transformative potential of the ChatGPT tool within education shedding light on the opportunities that arise through the integration of the ChatGPT tool into various aspects of the learning process. It serves as a platform for the community to share cutting edge research ideas concerning the use of the ChatGPT tool in digital education. Readers will discover how the ChatGPT tool can enhance student engagement foster personalized learning experiences facilitate intelligent tutoring systems support virtual classroom interactions and revolutionize assessment and feedback mechanisms

**Emerging Trends in Artificial Intelligence, Data Science and Signal Processing** Saurabh Singh,Karm Veer Arya,Ciro Rodriguez,Altaf Osman Mulani,2025-05-21 The two volume set CCIS 2439 and CCIS 2440 constitutes the proceedings of the First International Conference on Emerging Trends in Artificial Intelligence Data Science and Signal Processing AIDSP 2023 held in Kanpur India in October 2023. The 25 full papers and 11 Short papers in this book were carefully reviewed and selected from 260 submissions. These papers focus on the topics such as Artificial Intelligence Machine Learning and Signal Processing.

**Bibliometric and Peer Review Methodology for Medical Research** Aslam, Muhammad Shahzad,2024-12-19 Advancing bibliometric and peer review methodologies is critical for ensuring the integrity transparency and effectiveness of medical research. As research output grows robust bibliometric tools and ethical peer review processes are essential for evaluating the quality and impact of scientific studies. Addressing challenges such as metric consistency ethical use of AI and combating academic dishonesty fosters a more reliable and equitable academic environment. These efforts not only uphold the standards of medical research but also enhance public trust and ensure that advancements in healthcare are built on a foundation of rigor and fairness. Bibliometric and Peer Review Methodology for Medical Research examines advanced bibliometric and peer review methodologies addressing critical challenges in evaluating and maintaining the quality of medical research. It provides a comprehensive framework for improving the integrity and reliability of research evaluation processes in the medical field. Covering topics such as access policies meta bibliometric analysis and technological innovation this book is an excellent resource for researchers scholars graduate and postgraduate students publishers journal editors academic administrators policymakers information scientists librarians AI and blockchain developers and more.
