*Empire of AI* Karen Hao, 2025-05-20 A New York Times Notable Book Finalist for the National Book Critics

Circle Award An Instant New York Times Bestseller Named a Best Book of the Year by Smithsonian and Scientific American A bestselling page turner that has made waves not just in Silicon Valley but around the world With *Empire of AI* Hao is fundamentally shaping many people's perceptions and understanding of the company at the center of the AI revolution TIME Magazine TIME100 AI 2025 Excellent and deeply reported Tim Wu The New York Times Startling and intensely researched an essential account of how OpenAI and ChatGPT came to be and the catastrophic places they will likely take us Vulture From a brilliant longtime AI insider with intimate access to the world of Sam Altman's OpenAI from the beginning an eye opening account of arguably the most fateful tech arms race in history reshaping the planet in real time from the cockpit of the company that is driving the frenzy When AI expert and investigative journalist Karen Hao first began covering OpenAI in 2019 she thought they were the good guys Founded as a nonprofit with safety enshrined as its core mission the organization was meant its leader Sam Altman told us to act as a check against more purely mercantile and potentially dangerous forces What could go wrong Over time Hao began to wrestle ever more deeply with that question Increasingly she realized that the core truth of this massively disruptive sector is that its vision of success requires an almost unprecedented amount of resources the compute power of high end chips and the processing capacity to create massive large language models the sheer volume of data that needs to be amassed at scale the humans cleaning up that data for sweatshop wages throughout the Global South and a truly alarming spike in the usage of energy and water underlying it all The truth is that we have entered a new and ominous age of empire only a small handful of globally scaled companies can even enter the field of play At the head of the pack with its ChatGPT breakthrough how would OpenAI resist such temptations Spoiler alert it didn't Armed with Microsoft's billions OpenAI is setting a breakneck pace chased by a small group of the most valuable companies in human history toward what end not even they can define All this time Hao has maintained her deep sourcing within the company and the industry and so she was in intimate contact with the story that shocked the entire tech industry Altman's sudden firing and triumphant return The behind the scenes story of what happened told here in full for the first time is revelatory of who the people controlling this technology really are But this isn't just the story of a single company however fascinating it is The g forces pressing down on the people of OpenAI are deforming the judgment of everyone else too as such forces do Naked power finds the ideology to cloak itself no one thinks they're the bad guy But in the meantime as Hao shows through intrepid reporting on the ground around the world the enormous wheels of extraction grind on By drawing on the viewpoints of Silicon Valley engineers Kenyan data laborers and Chilean water activists Hao presents the fullest picture of AI and its impact we've seen to date alongside a trenchant analysis of where things are headed An astonishing eyewitness view from both up in the command capsule of the new economy and down where the real suffering happens *Empire of AI* pierces the veil of the industry defining our era *The Solo Librarian* Lucy Roper, 2024-06-18 Becoming a solo librarian may be a daunting prospect From collections to cataloguing classifying to copyright whether the individual is a solo librarian within a

small team with limited help or working in a larger library or information hub the range of tasks involved will remain the same Whilst being a solo librarian does have its fair share of challenges that can include juggling multiple tasks and time management marketing and embracing the ever changing technologies and upcoming social media channels and effectively managing the feeling of being isolated there are also many advantages With the author having been through the education process and gained work experience information professionals will have already picked up many transferrable skills and identified some key aspects when it comes to accessing using and running a library By being intellectually curious embracing ever changing technologies enjoying learning and knowledge creation and working alongside non library colleagues it is likely that information professionals are organised can manage their time effectively enjoy helping others by sharing and promoting library and information services and will stay engaged as a team of one As a solo librarian herself and a book not being available on the topic she has decided to write one which covers the lessons learnt and templates created in order to assist others that find themselves in a similar role or a small team with limited help This Internationally applicable and practical handbook will follow a yearly planner and shows a timeline of key activities that happen throughout in this instance an academic year and include the following examples Acquisitions cataloguing updating library guidance before academic year start September Student and Staff Inductions September October Quarterly Business Review to review updates and library usage Oct Dec Library cover over student staff holiday period Dec Quarterly Business Review Jan Mar Quality standard s re accreditation April Research methods study skills webinars April Library cover over student holiday period April Quarterly Business Review April June Copyright Audit May Copyright Academic Rollover June Quarterly Business Review July Sept Yearly e Library review July Financial Review July Student Survey Results July Library cover over student holiday period August September Appendices will include a condensed version of Lucy the Librarian top tips for successful solo librarianship Note Chapter 4 of the publication will expand on key elements and provide contextual examples as well as providing templates and guidance notes that will be made available to download and used to aid those working in information knowledge libraries and related disciplines whether based within the UK or around the world The idea behind this practical handbook therefore is to provide guidance and templates to cover Understanding the roles and responsibilities of a solo librarian Identifying library user needs Benchmarking Forming a clear structure for Physical and Online Libraries Acquisitions and financial management Classification and cataloguing Archives and records management Copyright incl Referencing and Plagiarism Intellectual Property and Licensing Communications and promotion Where to access further Information Advice and Guidance and more
