Handbook of Research on Distribution Channels Charles A. Ingene, James R. Brown, the late Rajiv P. Dant, 2019

Distribution channels are the most complex element of the marketing mix to fully grasp and to profitably manage. In this Handbook the authors present cutting edge research on channel management and design from analytical, conceptual and empirical perspectives. The breadth of this Handbook makes it appropriate for use in a doctoral course on distribution channels or as a knowledge broadening resource for faculty and researchers who wish to understand types of channels research that are outside the scope of their own approach to distribution. **The Publishers Weekly**, 1972 *West's Federal Supplement*, 2001 Cases decided in the United States district courts, United States Court of International Trade and rulings of the Judicial Panel on Multidistrict Litigation
