Supply Chain Management Dr. Nitin Junnarkar, Dr. Muppavaram Gowri Shankar, Dr. P. Muralidharan, *Management* John R. Schermerhorn, Jr, 2010-10-18 Completely updated and revised this eleventh edition arms managers with the business tools they'll need to succeed. The book presents managerial concepts and theory related to the fundamentals of planning, leading, organizing, and controlling with a strong emphasis on application. It offers new information on the changing nature of communication through technology. Focus is also placed on ethics to reflect the importance of this topic especially with the current economic situation. This includes all new ethics boxes throughout the chapters. An updated discussion on the numerous legal law changes over the last few years is included as well. Managers will be able to think critically and make sound decisions using this book because the concepts are backed by many applications, exercises, and cases. **Great Brand**

Blunders Rob Gray, 2014-02-25 What causes some marketing campaigns to go spectacularly wrong? Why might new product launches, publicity stunts, or rebranding exercises be doomed to failure? How can you prevent a social media backlash spiralling out of control? When should you apologise, cut your losses, make a U turn? **Great Brand Blunders** takes an informed and at times acerbic look at the worst marketing and social media disasters of all time and treats them as an amazing learning opportunity. The first book for several years to examine brand failures and the first with a special focus on social media. **Great Brand Blunders** offers a mix of entertaining commentary and authoritative advice and features several first-hand interviews with those involved. A fascinating roll call of over 150 A-list brands in sticky situations, the book will be required reading not only for professional marketers, academics, and students but for anyone interested in the gritty stories and testing challenges that lie behind the polished brand images marketers hope to present to the public. From awful advertising to ridiculous brand extensions via misguided sales promotions and ill-conceived social media activity, **Great Brand Blunders** pulls no punches, putting rash decisions under the microscope and offering advice on how to avoid landing in the same foul mess yourself.

Investing in Hidden Monopolies Patrick J. Wierckx, 2025-11-01 Investing in quality companies is often cited as the most reliable way to achieve successful investment returns. However, the question remains: why do so many investors adopting this approach fail to generate such returns? Many books have been written on investing, but only every few generations a book emerges that challenges the way we think about investing. This is such a book. After decades of research into why some companies stay successful while others fail, former Head of Equities Patrick Wierckx managed to uncover the answer. Now, for the first time, he shares his insights in a book that captivates even the most experienced investors. By drawing on his more than 25 years of institutional investment management experience, he offers a groundbreaking approach to help investors analyze companies more accurately and achieve successful investment returns. Whether you are a beginning investor or a seasoned professional, **Hidden Monopolies** offers an invaluable resource for every investor who wants to take full advantage of those companies that deliver superior returns over the long term. **HIDDEN MONOPOLIES** will teach you The

secrets to achieving successful investment returns How to let investments work for you rather than against you How to effectively analyze a company in a short period of time How to find hidden gems among companies that are built to last The timeless principle that underpins enduring business success How to spot the warning signs hiding behind a company's success How to predict a company's future success even when data is scarce
