

Reading Comprehension Skills

Explained for Parents

If you have a child in any stage one, they will be learning how to read during their phonics lessons at school. Learning to read needs to be a vital skill. Actually understanding what they have read and being able to talk about it is another skill your child will be working on.

During English lessons, your child's teacher will show you what how to read a text and use the answer questions to show their understanding. Your child will get lots of opportunities to develop these skills in small groups as part of a class discussion. You can also use questions to support your child at home to develop their comprehension skills.

When you are reading at home with your child, as well as talking to their parents when reading, you can develop their comprehension by asking them what they have read. Your child will be asked to talk about what they have read and how they have understood it. It can be hard to know what to say, so we've created some questions that develop each skill.

At reading a book, even if it's reading a comic book or a website, your child will learn about how words work by looking at words, their letters, sounds and where to look for different parts of the text. Don't forget that they will also learn to read other things like maps, timetables, stories, comics, notices, reports and more. Don't let age or level stop your child from reading anything. You can read with your child and ask them to tell you what they have read. You can also ask them to tell you what they have read and how they have understood it. It can be hard to know what to say, so we've created some questions that develop each skill.
