**ECIW2012- 11th European Conference on Information warfare and security** Robert Erra,2012      Masquerading Memoirs Lawrence Creegan,2021-08-30 I was born the fourth of four sons to my Irish school teaching parents who resided in Warwick Rhode Island Like many other kids I was a handful for my parents but I managed to graduate from Pilgrim High School in Warwick in 1973 I then enrolled in Johnson and Wales University in Providence in 1976 and graduated in 1978 with an associate degree in culinary arts I only lasted about four years in the food industry as it mostly commands that you work on weekend nights and holidays During my stint in the food industry I would hear from my friends what a party you missed or what a concert you missed Needless to say I got sick of hearing this so I took a carpenter apprentice job and ended up starting my own construction business as an independent home remodeler That kept me happy and lasted 26 years until the banking crisis hit in 2008 As the economy hit bottom my phone quit ringing as everyone was afraid to spend any money I then took a job with the state of Rhode Island working for a local university near my home I have since retired on my birthday of all days in November of 2020 Now I just wait for the royalty checks to roll in This book is basically an autobiography starting with the continuation of my first book Hi Larry ous Halloweens which was published in 2004 I didn t give up making costumes after 2004 so I created this book to give some insight to the Hi Larry ous Halloweens fans I created after first book came out Costumes make up the first half of the book and the rest are short stories of events that have happened to me over my lifetime When I let some close friends read the prototype of this book most of them were laughing a page or two which makes me smile      **Funworld** ,2005      *The Method to the Madness* Allen Salkin,Aaron Short,2019-07-09 A Rosetta Stone for understanding Donald Trump s style mindset and every action made up of over one hundred interviews with his closest associates and adversaries over the last 15 years To his critics Donald Trump is an impulsive undisciplined crackpot who accidentally lucked into the presidency But in *The Method to the Madness* reporters Allen Salkin and Aaron Short reveal that nothing could be further from the truth This objective nonpartisan oral history shows that Trump had carefully planned his bid for the presidency since he launched what many considered to be a joke candidacy in 1999 Between 2000 and 2015 when he announced his candidacy in the lobby of Trump Tower he was able to identify an unserved political constituency hone a persuasive message that appealed to their needs and deliver it effectively despite intense media opposition Through candid conversations with more than 100 subjects close to the President Salkin and Short make the case that Donald Trump s ostensibly erratic approach to politics is consistent with his carefully honed personal and professional style of information gathering opinion seed planting and conclusion sharing His business media and political dealings from this era serve as a guide for understanding the man his mindset and his every action *The Method to the Madness* is an accessible and unbiased oral history that brings readers into the private rooms where decisions are made confidences are broken strong words fly and not all eye witnesses see the same scene in quite the same way Full of scoops both large and small this is the first book to
