## **Weasel Cynthia Defelice Study Guide:**

**Building Character Through Literature** Rosann Jweid, Margaret Rizzo, 2001 The book's primary purpose is to introduce novels that show strength of character. It offers guidance for opening a dialogue about character issues through the included texts. While looking for books with strong character traits, the authors also sought to include award-winning titles from authors whose general bodies of work have been acclaimed.

**Diagnosis and Correction of Reading Problems** Darrell Morris, 2013-10-29 This widely adopted text and teacher resource provides a comprehensive approach to assessing and remediating reading difficulties in grades K-6. Darrell Morris presents rich case studies of beginning and older readers struggling with different types of reading problems. He shows how to administer a thorough diagnostic battery and provide instruction tailored to each student's needs. In addition to one-to-one tutoring strategies, small group and whole class applications are discussed. Reproducible tools, book lists, and other user-friendly materials can be photocopied from the book or downloaded and printed in a convenient 8 1/2 x 11 size. New to This Edition: Detailed explanations of how to adapt the techniques for classroom use. The latest research findings pertaining to reading diagnosis. Updated and expanded book lists. Chapter on historical and theoretical foundations. See also the Morris Informal Reading Inventory Preprimer through Grade 8, a complementary assessment tool that yields systematic data on K-8 students' reading abilities.

**Reading Raps** Rita Soltan, 2005-12-30 Book clubs are sprouting up all over, and so are book club guides, but not all book club guides are equal. Many focus on a specific type of book club, or they take a generic approach of one size fits all, and most do not take into account the special needs of librarians and educators working with young readers. This guide has it all, and it will help you ensure that your book club meetings are both fun and educational. Focusing on children in grades 3-8 and their families, the book offers 100 ready-made book club instructions for popular children's and YA titles from newer releases such as Theresa Nelson's *Ruby Electric* and Blue Balliett's *Chasing Vermeer* to perennial favorites and award-winning classics such as Johanna Hurwitz's *Much Ado about Aldo* and Gary Soto's *Baseball in April* and *Other Stories*. Along with thought-provoking discussion questions, you'll find all the background information you need to conduct lively book discussions with a variety of readers: plot summary, themes, and characters' description, genre, reading level, author, and award information, related reads, and more. The guide describes four types of family-oriented book clubs: family, mother-daughter, father-son, and readers' rap, as well as a book club for kids only. The author provides practical instructions for making each type of book club successful. For each title, she provides a plot summary, characterization sketches, questions to use for provocative discussion, and follow-up bibliographies on similar reads. Notes on genres, themes, and reading levels are also provided. The selected titles reflect some of the best, most current, and most popular children's literature. In addition, a broad scope of genres and multicultural titles are included. Perfect for public library programs and after-school book clubs, this is a one-stop resource with practical, ready-made plans that can easily be adapted to multiple environments. Grades 3-8.
