[CLOG x FEEDS](#) CLOG,2022-04-27 CLOG x FEEDS Of the 4.78 billion people online today 3.8 billion are active social media users who regularly log onto numerous platforms to post like comment consume sell talk shit creep and more via algorithmic data infrastructures colloquially known as feeds Feeds have become a dominant form of communication completely reshaping our digital commons Feeds are purported to connect us to one

another they spark friendships romances and revolutions and they keep them alive On the other hand feeds are explicitly designed to increase engagement Not only do feeds capture our attention they turn it into a product ultimately generating advertising revenue for third parties Epitomizing the fleeting moment and eluding nuanced in depth discussion the same algorithms that serve to unite people with similar interests and ideologies also amplify differences demonstrating an ability to not only connect us but to drive us apart Continually optimizing algorithms make it impossible to step into the same feed twice Whether they function as windows into the world as mirrors pointed at ourselves or as something altogether more insidious feeds wield a powerful influence over individuals global communities and systems they have impacted everything from how we shop to how we tell jokes to how we protest injustice to how we vote The eighteenth issue of CLOG examines the design behavior and impact of feeds and the myriad ways in which we interact with them during this increasingly entropic time

[Day Trading Attention](#) Gary Vaynerchuk, 2024-05-21 New York Times and USA Today Bestseller One thing I ve learned being around Gary for the last decade is that when he sees new consumer trends or new best practices in marketing people should listen and act on them Michael Rubin CEO of Fanatics In his seventh business book bestselling author entrepreneur and investor Gary Vaynerchuk offers fresh in depth advice to enhance brand development grow sales and beat the competition using modern advertising strategies grounded in social media In his 2013 bestseller Jab Jab Jab Right Hook Gary Vaynerchuk showed the world how to create winning content for underpriced attention channels But since then new platforms have emerged others have become less relevant and algorithms are

incentivizing new styles of content. New skills are necessary to create advertising that builds brand and sales. In his latest book *Vaynerchuk* argues that today's fast growing businesses, brands, content creators and influencers have one thing in common. They mastered storytelling in areas of underpriced attention which predominantly exists across a handful of social media platforms. Informed by 20 years of business and marketing success, he contends that the biggest transformation and opportunity is the *TikTokification* of Social Media. Increasingly, platforms are distributing content based on what users are interested in rather than who they follow. In *Day Trading Attention*, Gary offers detailed advice on how small businesses, large corporations and creators can understand attention: what it is, where it is, where it's underpriced and how to leverage it. Produce relevant, strategic content. Use modern advertising platforms to build brand and grow sales in today's rapidly changing environment.
