Entertained or Else Tina Kendall, 2025-09-18 This book considers the complex and often contradictory relations that are forged between boredom and everyday media use in the twenty first century and demonstrates how networked media have developed new technical means of capitalizing on boredom's state of suspension to make it into a source of value creation Focusing on the discursive technological and affective structures that encourage users to be entertaining and to remain entertained the book analyses how boredom has been increasingly instrumentalized as both an individual mood and a wider structure of feeling that drives participation across media networks It identifies the range of cultural techniques for codifying classifying sensing and pre-empting boredom as well as those that teach users counter-intuitively to embrace boring media as a means of coping with the intensities of always-on existence However if boredom is positioned in a digital network culture as a feeling that keeps driving us back to our social media feeds it is important to ask how else it might operate While the technological affordances of computational media have put pressure on our ability to conceive of boredom as a radical challenge to digital capitalism this book attempts to think about the potential that might still be embedded in boredom's capacity to temporarily suspend or to neutralize dominant structures of attention and affect Building on the work of Giorgio Agamben Byung Chul Han Roland Barthes and from historical accounts of boredom and entertainment the book provides a new understanding of boredom in the context of networked media     *AI Collaboration and Mastery: Guiding Frameworks* Ronald Joseph Legarski, Jr., Grok, 2025-04-26 *AI Collaboration and Mastery: Guiding Frameworks* is your practical and inspiring guide to building sustainable impactful businesses in the AI-powered era Whether you're launching your first side hustle growing a freelance agency or scaling an entrepreneurial dream this book reveals how to partner with AI not compete against it to automate monetize and amplify your vision Co-authored by Ronald Legarski and informed by real-world success stories like Emma's 2,000 month eBook venture and Sofia's thriving Etsy shop this book offers actionable roadmaps for Using tools like ChatGPT Canva and Zapier to create market and automate Monetizing through platforms like KDP Etsy Fiverr and Shopify Scaling your ventures ethically and sustainably through AI collaboration Building legacies that harmonize profit purpose and community impact Rooted in the Peacenomic vision a philosophy of interconnected systems and harmonious growth *AI Collaboration and Mastery* blends technological mastery with human creativity It invites you to orchestrate a Cosmological symphony of tools trends and community wisdom to achieve long-term success You don't need a tech degree you need curiosity creativity and the right frameworks This book gives you all three     *White Supremacist Violence* Brian Van Brunt, Lisa Pescara-Kovach, Bethany Van Brunt, 2022-11-23 *White Supremacist Violence* is a powerful resource for education and mental health professionals who are developing the tools and skills needed to slow the progress of the fast-growing hate movement in the United States Chapters immerse the reader in a hybrid of research historical reviews current events social media and online content case studies and personal experiences The first half of the text explores the ways in

*#okBoomer: My TikTok experiment & what marketers should know about the platform!* Markus Rach, 2020-03-24

From 0 to over 27 million views in less than 6 weeks. A TikTok experiment by a marketing expert on the fastest growing social media platform on the planet, TikTok. TikTok is one of the fastest social media platforms of 2018, 2019 and surely 2020. It is approaching the 1 billion monthly active user mark and setting new records on almost any level. It's rocket like user growth gets much media attention. But who is behind TikTok? What makes this app so special? What is its addictive formula to keep users for hours on the platform? Markus Rach, a marketer, entrepreneur, researcher, lecturer, husband and dad, set out to answer these questions. To do so, he engaged in a TikTok experiment. On January 14, 2020, Markus created a TikTok profile with the objective to get a TikTok upload with 1 million views. Although it took him 6 weeks to achieve his goal, his account, the marketing\_guy, has now over 30 million views, over 2.8 million likes, multiple TikToks with millions of views and over 50,000 TikTok fans. Ok for a boomer, right? In this book, Markus shares his experience and learnings from this unique experiment. He looks at TikTok from a marketer's perspective, answering the very questions marketers have in their mind when thinking about TikTok: Is TikTok relevant for me? Should I join TikTok? How does TikTok work? Isn't it just an app for 13 year old teens? How can I create a TikTok? Will I get views and how? All of these questions were answered in 7 chapters and to great detail. It also addresses why marketers should not just engage in advertising on the platform but understand the platform first. At the same time, this book documents the experiment's dark side: The emotional side, The race for content and ideas, The emotional twist to wait for views to go up, The happiness is they do and the disappointment if they don't. This book also deals with advertising on the platform. One brand got almost 4 billion views on their sponsored hashtag challenge. Others are less successful. Some brands even fail to setup their account. Some

just throw money at influencers and others miss to understand the platform's culture. It reveals what went wrong with marketing. And how you can become a kick ass marketer on the platform. Understand the platform, get your hands dirty, get over yourself, and don't forget there are teens with 35 million followers and 2.2 billion likes on the platform. They don't have an agency nor a department full of degree educated marketers. Your time to get on the platform is now. Want to be in my TikTok the marketing\_guy

**TikTok Algorithms 2022 \$15,000/Month Guide To Escape Your Job And Build an Successful Social Media Marketing Business From Home Using Your Personal Account, Branding, SEO, Influencer** Jordan Smith, 2022-05-05. TikTok is a highly creative platform and it definitely rewards those who often create and post. It's ideal two to three times a day if you really want to gain popularity on TikTok; you won't cut it once a week. So in just two months I've gone from zero to 10K followers. Sharn Rayment, multimedia freelance producer. You definitely have to embrace and commit to using TikTok to the fullest extent possible to create a content backlog for the for you page. As for younger and older generations, TikTok has democratized creativity and social media. The app has the highest rate of follower engagement across 100,000 user profiles sampled in an Influencer Marketing Hub online research project. If marketers merely consider it as a dancing device and don't change their approach to include TikTok content, they'll be really bitter in a couple of years. Watching Instagram influencers repurpose Instagram content to TikTok at the start of lockdown shows the polished advertising on this site doesn't wash. We always noticed when Instagram stories came up, there was a trend for shorter, more digestible content. Yet TikTok proves that users can return for more when you get the form of content right. According to official figures from TikTok, its customers remain faithful and are starting to return to the app. In fact, 90% of users use the app several times a day. Overall, TikTok is asking us to reconsider the way our content is strategized. I do hope these tips give you some ideas on how to handle TikTok and the way you prepare and create your content in general.
