Amendment and the Supreme Court Michael J. Perry, 2001-11-08 Several of the most divisive moral conflicts that have beset Americans in the period since World War II have been transmuted into constitutional conflicts and resolved as such In his new book eminent legal scholar Michael Perry evaluates the grave charge that the modern Supreme Court has engineered a judicial usurpation of politics In particular Perry inquires which of several major Fourteenth Amendment conflicts over race segregation race based affirmative action sex based discrimination homosexuality abortion and physician assisted suicide have been resolved as they should have been He lays the necessary groundwork for his inquiry by addressing questions of both constitutional theory and constitutional history A clear eyed examination of some of the perennial controversies in American life We the People is a major contribution to modern constitutional studies Beyond the Boundaries Georgia A. Persons, 2011-12-31 In the past African American aspirations for political office were assumed to be limited to areas with sizeable black population bases By and large black candidates have rarely been successful in statewide or national elections This has been attributed to several factors limited resources available to African American candidates or identification with a black liberationist ideological thrust Other factors have been a relatively small and spatially concentrated primary support base of black voters and the persistent resistance of many white voters to support black candidates For these reasons the possibility of black candidates winning elections to national office was presumably just a dream Conventional wisdom conceded a virtual cap on both the possible number of black elected officials and the level of elective office to which they could ascend But objective political analysis has not always made sufficient allowances for the more universal phenomenon of individual political ambitions The contributors to this volume explore the ways ambitious individuals identified and seized upon strategies that are expanding the boundaries of African American electoral politics This volume is anchored by a symposium that focuses on new possibilities in African American politics Both the electoral contests of 2006 and the Barack Obama presidential campaign represent an emergent dynamic in American electoral politics

Analysts are beginning to agree that the contours of social change now make the electoral successes of black candidates who are perceived as ideologically and culturally mainstream increasingly likely The debate captured in this volume will likely inspire further scholarly inquiry into the changing nature and dimensions of the larger dynamic of race in American politics and the subsequent changing political fortunes of African American candidates *Scripture and the People of God* John DelHousaye, Jeff T. Purswell, John J. Hughes, 2018-10-15 Scripture is the foundation for all of Christian life and ministry but in our current age it is being challenged doubted and in many cases simply ignored Wayne Grudem one of evangelicalism's best known theologians and authors has worked tirelessly throughout his life to demonstrate the necessity sufficiency and centrality of Scripture In his honor Grudem's friends and colleagues including John Piper Thomas R Schreiner Sam Storms Vern S Poythress John M Frame Gregg R Allison Erik Thoennes and John DelHousaye have compiled a series of essays on various topics central to Grudem's life and teaching Exploring topics such as the nature of Scripture the relationship between Scripture and doctrine and the role of Scripture in life and ministry this volume stands as a testimony to the enduring worth of God's Word The Family in the USSR Rudolf Schlesinger, 2013-10-15 First Published in 1998 This is Volume III of eight in the Sociology of the Soviet Union series Written in 1949 this is a collection of translated essays and documents about the family in the USSR and the changing attitudes prevailing in Soviet Russia towards specific aspects of social and political life
