Welcome Homicide Rick Stanton:

Welcome to Homicide Rick Stanton, 2015-12-01 Rick Stanton spent eleven years and five months assigned as a homicide detective with the Tampa Police Department. These are some of the cases that occurred while he was a member of the best ten man homicide squad in the United States in my humble opinion. It all started when he was leaving work as a burglary detective on a Friday evening and a few hours later when contemplating going to bed he received a phone call at home and the sergeant saying Welcome to Homicide we have a shooting. *Murder at the Marina* Janet Finsilver, 2019-04-02 She's got to solve this or her friends are sunk. Kelly Jackson manager of the Redwood Cove Bed and Breakfast is fond of the Doblinsky brothers Ivan and Rudy members of the Silver Sentinels a crew of crime solving senior citizens in their Northern California seaside hamlet. After she discovers a jewel encrusted dagger with what appears to be dried blood on the blade on their fishing boat they share their family history with Kelly and she learns that the knife may be part of a set from their long ago childhood in Russia. Its sudden reappearance is eerie but the mystery grows much more serious when a body is found on the boat. The victim was a member of the community and part of the Russian Heritage Festival and some of the organizers were clearly harboring some bitterness. But the story behind this murder seems as layered as a nesting doll and Kelly's feeling completely at sea. The Myth of the Out of Character Crime Stanton E. Samenow, 2007-10-30 From time to time into the news burst accounts of regular people who commit crimes that seem totally out of character according to those who know them well. Lee Malvo one of the D.C. snipers was known to his friends and family as a smart promising man. Steven was a talented young scientist with no criminal record. No one suspected he was capable of injuring another until he was arrested for abducting a man handcuffing him and threatening to blow off his head with a pistol. What makes these otherwise stable and respected men and women commit crimes? Why do those who know them best not see the signs? Are there clues people can look out for when a person is about to snap? What in the psychological makeup of defendants resulted in their committing crimes? Here a seasoned forensic psychologist delves into the psyches of these otherwise normal people whom he has treated and researched for many years. With first hand experience interviewing and treating such offenders Samenow is able to offer numerous case examples of everyday people committing extraordinary crimes. He reveals the significant clues that help to unmask these criminals and the seemingly mundane aspects of their daily lives. The way a person handles money consumption of alcohol sexual history marital conflicts job history and performance interests and hobbies reading preferences ambitions and goals and reactions to frustrations all contribute to the factors leading up to the criminal act. By probing into these and other aspects of the offenders' lives the author finds a context for the crimes they commit. He concludes that the out of character crime does not exist that the crime is merely the outer manifestation of what lies beneath the surface. By taking readers through the steps necessary to understand these criminals the author shows how we can all read the signs before it is too late. He uses real life examples in every chapter to illustrate his points and readers will come

away with a better understanding of how these criminals operate *Mystery Index* Steven Olderr,1987 Provides indexes to American and British mystery novels by author title subject setting and characters **The K Team** David
