Summary of We Are The Nerds by Christine Lagorio-Chafkin QuickRead, Lea Schullery, An inside look on Reddit's tumultuous yet successful life as a company changed the way people communicate and think about the internet. Have you ever heard of the online platform Reddit? Many people haven't, but surprisingly, it's become the sixth most-viewed website in the United States. However, success didn't come easy. In *We Are The Nerds*, Christine Lagorio-Chafkin discusses the birth and tumultuous life of Reddit. The book covers the creators, Alexis Ohanian and Steve Huffman, as they were given an idea and a loan and created one of the most visited websites in today's world. But when Reddit became an offensive space for hatred, violence, sex, and antisemitism, the stress of how to address the user's freedom of speech became difficult to navigate. Now, with censorship rules and new profitable elements, Reddit has become a \$1.8 billion company and has become the unofficial front page of the internet.
