Triangular Ufos An Estimate Of The Situation:

Triangular UFOs David Marler, 2013-06-17 For years serious researchers have known that triangular shaped UFOs are one of the most common types observed The phenomenon has sparked intense debate among many and excited the imagination of many others But until now there has never been a book length treatment of this fascinating subject Finally we have one David Marler has provided a comprehensive analysis of the triangles He has collected collated and analyzed hundreds of reports In the process he has created a detailed profile of these objects and written a rich narrative of their history Marler is well suited to the task having at his disposal an enormous collection of newspaper archives declassified military reports UFO books and journals and the transcripts of many first hand interviews he has conducted He has also received input from many prominent individuals from within the military FAA Aerospace and UFO research field He tackles the arguments made by skeptics that dismiss these triangular UFO reports outright He also address the claims of so called insiders who claim these objects are a creation of the U S military The results of his years of research are documented in his book *Triangular UFOs An Estimate of the Situation* It is a book that has long been needed not only by the UFO research community but the general public as it opens up an entirely new discussion that has long been ignored who is making the triangles

Intimate Alien David J. Halperin, 2020-03-24 A voyage of exploration to the outer reaches of our inner lives UFOs are a myth says David J Halperin but myths are real The power and fascination of the UFO has nothing to do with space travel or life on other planets It s about us our longings and terrors and especially the greatest terror of all the end of our existence This is a book about UFOs that goes beyond believing in them or debunking them and to a fresh understanding of what they tell us about ourselves as individuals as a culture and as a species In the 1960s Halperin was a teenage UFOlogist convinced that flying saucers were real and that it was his life s mission to solve their mystery He would become a professor of religious studies with traditions of heavenly journeys his specialty With *Intimate Alien* he looks back to explore what UFOs once meant to him as a boy growing up in a home haunted by death and what they still mean for millions believers and deniers alike From the prehistoric Balkans to the deserts of New Mexico from

the biblical visions of Ezekiel to modern abduction encounters Intimate Alien traces the hidden story of the UFO It s a human story from beginning to end no less mysterious and fantastic for its earthliness A collective cultural dream UFOs transport us to the outer limits of that most alien yet intimate frontier our own inner space **What, If Anything, Is Out There?** Gene P.
