Macbook Compare Customer Service:

Essential Operations Management Alex Hill, Terry Hill, 2017-11-01 The second edition of this innovative core textbook spans the service and manufacturing sectors equipping readers to grasp and overcome the core challenges faced in planning, designing and implementing operations. The prestigious and well-respected author team takes a tasks and challenges approach that marries theory to their extensive practical experience of running operations in high-profile business settings while reflecting their clear vision and personal philosophy of operations management. Packed with engaging learning features that truly bring the subject to life, the text provides a concise and real-world orientated look at the key parts of an operations manager's job. This textbook is an ideal course text for undergraduate, postgraduate and MBA students taking a module in operations management or manufacturing services operations. New to this Edition: New and greatly expanded coverage of the most relevant contemporary topics in OM including corporate social responsibility and ethics, lean manufacturing, outsourcing vs insourcing and zero-hour contracts. Over 30 new and updated cases from a wide range of international companies including Apple, Samsung and Uber. Increased focus on strategy with an expanded emphasis and new dedicated sections on improving operations that place OM firmly at the centre of organizational considerations.

Mastering Digital Product Management Dr. Vasant Gondhalekar, Shalini Dinesh, 2025-08-11 DESCRIPTION: The digital landscape is rapidly evolving, demanding skilled product managers who can consistently deliver innovative solutions and build trusted products. This book provides the essential frameworks and practical strategies to navigate this dynamic environment, transforming concepts into market-leading digital products.
