*Everyday Chaos* David Weinberger, 2019-04-23 Make More Future Artificial intelligence big data modern science and the internet are all revealing a fundamental truth The world is vastly more complex and unpredictable than we've allowed ourselves to see Now that technology is enabling us to take advantage of all the chaos it's revealing our understanding of how things happen is changing and with it our deepest strategies for predicting preparing for and managing our world This affects everything from how we approach our everyday lives to how we make moral decisions and how we run our businesses Take machine learning which makes better predictions about weather medical diagnoses and product performance than we do but often does so at the expense of our understanding of how it arrived at those predictions While this can be dangerous accepting it is also liberating for it enables us to harness the complexity of an immense amount of data around us We are also turning to strategies that avoid anticipating the future altogether such as A/B testing Minimum Viable Products open platforms and user modifiable video games We even take for granted that a simple hashtag can organize unplanned leaderless movements such as MeToo Through stories from history business and technology philosopher and technologist David Weinberger finds the unifying truths lying below the surface of the tools we take for granted and a future in which our best strategy often requires holding back from anticipating and instead creating as many possibilities as we can The book's imperative for business and beyond is simple Make More Future The result is a world no longer focused on limitations but optimized for possibilities

The Performance Management Systems Playbook H. James Harrington, Frank Voehl, 2023-12-22 The objective of the ISO 56002 standard is to provide a framework on how to build an innovation ecosystem that can be sustained over time Similar to the quality management system that ISO established decades ago this standard provides instructions related to best practices on how to establish an Innovative Management System within an organization However it does not provide guidance on how to implement and/or use the standard The ISO Standard 56004 Innovation Management Assessment was designed to define the maturity level of an organization's Innovation Management System The primary purpose of most Innovative Management Systems is to process a continuous flow of new and highly creative outputs that will meet external customers' needs and expectations The users of ISO 56002 and 56004 know that they are what to do documents This book however shows you how to do it Both ISO Standard 56002 and 56004 are focused on improving the organization's innovative management system This book focuses on how to train employees on how to use the system to add value to the organization's stakeholders There are no books out on the subject this book greatly assists managers business leaders entrepreneurs and consultants seeking help in using the innovation management system effectively and efficiently Essentially this book presents an effective marriage between the innovative management system and how it will operate when it becomes part of the operating procedures
