Scholarships Guide:

Scholarships 101 Kimberly Ann STEZALA, 2008-07-23 In the next five years sixteen million high school students will graduate making up the largest group of high school graduates in this country's history. Those students who are fortunate enough to be on the honor roll or the star quarterback of the football team will have access to the best scholarships. But what will happen to the rest of them? Those students who have the potential for a great college career but not necessarily the financial backing to attend the school of their dreams. Author Kimberly Stezala passionately believes that every student should have access to a quality education. Now she shows parents and their kids how to approach the scholarship process like a pro. Filled with inspiring advice from successful students and scholarship providers, *Scholarships 101* shows aspiring college students how to apply for those scholarships that are the best match for their profile and skills, create a scholarship application that will stand apart from the rest and impress the judges, find the buried treasure of scholarships that aren't necessarily available on common websites, build a team of supporters in their scholarship quest. Straightforward and savvy, this book provides the extra boost many students need to plan for their futures and receive the education they deserve.

The "C" Students Guide to Scholarships Peterson's, 2012-10-23 Most scholarship guides are aimed only at the straight A student, not this guide. Peterson's *The C Students Guide to Scholarships* shows that it is possible for average or even below average students to win some of the millions of dollars in available scholarship awards. It is the essential guide to finding scholarships when your grades suck. Author Felecia Hatcher has dedicated her life to motivating young people to look past their circumstances and get creative. As a C student herself in high school, Hatcher beat the odds and won over 100 000 in scholarships to attend college. Inside you'll find secrets and techniques needed to apply for hundreds and thousands of dollars in scholarships and grants to compete with straight A students. Insightful, resourceful information to help you achieve college and scholarship success. Step by step guidance to turn hidden talents and unique strengths into cash for college. Personal testimonials from C students who found their way to success. Advice on requesting letters of recommendation and working with recommenders.
