Scholarships Max Streaming Today:

Oriental Scholarship During the Present Century Friedrich Max Müller, 1894 **Carnegie Scholarship Memoirs** Iron and Steel Institute, 1913 Pre-Pāṇinian Linguistic Studies D. D. Mahulkar, 1990 Presents Sanskrit language studies in a new setting that of socio linguistics Illustrate how some of the missing links in traditional Sanskrit studies can be understood if the evolutionary aspect of language studies is connected with the study of socio cultural history of the speech The new model of socio historical linguistics is for the first time conceived and developed as a variational dynamic and developmental model Neatly planned and richly illustrated this book breaks a new ground in modern linguistic studies showing how socio linguistic studies can be enjoyed not only as sources of new hypotheses in historical studies but also as source of rich cultural contexts lost from material archaeological discoveries Language pleads the author preserves a rich cultural archaeology of a community The formulation of the scientific methodology of language studies from this point of view has to be the logical sine qua non of all historical linguistic studies which have been in a state of revival since 1965 *Used, Abused, and Sidelined* Mary E. Stuckey, 2025-08-19 Since it was published in 1776 the Declaration of Independence has been used to advocate for social justice and to maintain inequitable social hierarchies it has served as a model for justifying revolutions in other nations and for the Confederacy's secession from the US federal government But as we approach its 250th anniversary this book asks Does the Declaration still matter In this volume leading scholars explore how this remarkably pliable document has been used for progressive and regressive politics alike and track its impact on independence movements across the globe The essays begin with the Declaration's immediate reception and masculine style of prose and then move on to its central role in interpreting civic action between state and federal governments most notably secession in the Antebellum era questions of sovereignty between Indigenous nations in the United States and the United States relationship with Latin America The next section focuses on the ways the Declaration was called upon to urge imperative moral action especially in terms of human rights in the US Civil Rights Movement and the Velvet Revolution in Czechoslovakia and in contrast how it was cast aside in the Syrian Revolution The final section teases out the tension between the needs reflected in the original document and the needs of the contemporary political world *Used Abused and Sidelined* demonstrates how this foundational document prepares us to tolerate and to resist and it points to how we might leverage the Declaration to create a different kind of political future **Youth's Companion** , 1899 *Water Resources Data for New Mexico* , 1971 *Nature* , 1906 **Against the Stream** Gwenllian Meyrick, 1953 Recycling Grants in Illinois--a Two-year Review Greg Lindsey, 1989 **The Speaker** , 1892 **The Perspective of State and Local Governments and the Impact of Federal Regulation** United States.
