*Advances in Artificial Intelligence* Eleni Stroulia, Stan Matwin, 2003-06-29

AI 2001 is the 14th in the series of Artificial Intelligence conferences sponsored by the Canadian Society for Computational Studies of Intelligence. Société canadienne pour l'étude de l'intelligence par ordinateur. As was the case last year, too, the conference is being held in conjunction with the annual conferences of two other Canadian societies: Graphics Interface (GI) 2001 and Vision Interface (VI) 2001. We believe that the overall experience will be enriched by this conjunction of conferences. This year is the silver anniversary of the conference; the first Canadian AI conference was held in 1976 at UBC. During its lifetime it has attracted Canadian and international papers of high quality from a variety of AI research areas. All

papers submitted to the conference received at least three independent reviews. Approximately one third were accepted for plenary presentation at the conference. The best paper of the conference will be invited to appear in Computational Intelligence.
