The Synthetic Eye Fred Ritchin, 2025-02-27
Artificial Intelligence is driving a fourth industrial revolution and as *The Synthetic Eye* shows, the centre will not hold. How can we believe or trust the images we are being shown? What role do photographers, the media and technology companies have in upholding the authenticity of photographs? Can synthetic imagery be utilized to enhance our understanding of our world? A revelatory roadmap of today's image universe, *The Synthetic Eye* explores how Artificial Intelligence has fundamentally transformed our sense of the real, the possible and the actual. Arranged into seven distinct chapters, it interrogates AI's engagement with history, how it has changed our understanding of reality and the positive opportunities and dystopian scenarios that lurk beneath the surface of artificially generated images.

Making Art With Generative AI Tools Hai-Jew, Shalin, 2024-04-01
In the dynamic realm of generative artificial intelligence, AI and the fusion of human creativity and machine intelligence have created a vibrant ecosystem of collaborative artmaking. However, this transformative process brings forth a myriad of concerns ranging from ethical considerations and the need for originality to navigating the legal complexities surrounding intellectual property. As more and more online communities appear around the use of AI to aid in the creation of images, there arises a pressing need for a comprehensive guide that not only dissects the intricacies of artmaking with generative AI tools but also offers practical solutions to the evolving dilemmas faced by artists, researchers, and technologists. *Making Art With Generative AI Tools* emerges as an exploration of the challenges posed by this intersection of human expression and artificial intelligence. Artists engaging with generative AI find themselves grappling with issues of authenticity, social toxicity, and the commercial viability of their creations.
