1,260 Days Craig Conte,2012-08 1 260

Days is a journey to a foreign land a detour called a shortcut in a cab It s riding on a night train in a warm sweat as you hear the choo choo chuggen down the tracks It s a vision in a restless dream a nightmare with a bloody scene a demon putting

thoughts into your head 1 260 Days is about the man in black It s about a work shift It s about a suicidal note It s the unheard music It s a forty day fast It s a severed artery It s an itchy rash 1 260 Days is a holy book It s a trumpet being blown upon a hill It s a paradox It s a riddle It s a jest It s hope It s change It s woe It s greed It s me It s you It s them It s us 1 260 Days is about the end of the world I found myself alternately astounded intrigued and ultimately jealous of Enoch whose adventures on a daily basis made my own life seem small and mundane by comparison Rich Marotta KFI Radio Inducted 2011 Southern California Sportscasters Hall of Fame Brilliant manure vres of narrative wreaking havoc upon accepted norms Tortelvis of Dread Zeppelin An honest and straightforward book one man s experiment with disgrace takes on an aura of supernaturally experienced grace Easy on the ear and steering clear of massaging his own story telling of an awfully curious humanity Conte gives a read hell bent on making us experience the nit and grit of rubbing up against the taboos binding human pleasure Scott Hartstein Author of Adagia **Observing the User Experience** Mike Kuniavsky,2003-04-08 Table of contents Broadcasting & Cable ,2004 **The Michigan Journal** ,2012 Love, Greg & Lauren Greg Manning,2002-03-05 Early on the morning of September 11 2001 Lauren Manning a wife the mother of a ten month old son and a senior vice president and partner at Cantor Fitzgerald came to work as always at One World Trade Center As she stepped into the lobby a fireball exploded from the elevator shaft and in that split second her life was changed forever Lauren was burned over 82 5 percent of her body As he watched his wife lie in a drug induced coma in the ICU of the Burn Center at New York Presbyterian Hospital Greg Manning began writing a daily journal In the form of e mails to family friends and colleagues he recorded Lauren s harrowing struggle and his own tormented efforts to make sense of an act that defies all understanding This book is that e mail diary detailed intimate inspiring messages that end always as if a prayer for a happy outcome LOVE GREG LAUREN We share this story day by astonishing day Greg writes of the intricate surgeries the painful therapies and the constant risk of infection Lauren endured Through his eyes we come to know the doctors nurses aides and therapists who cared for her around the clock with untiring devotion and sensitivity We also come to know the families with whom he shared wrenching hospital vigils for their own loved ones who were waging a battle that some would not win It was most of all Greg s belief that Lauren would win her brave fight for life that kept him writing Through his eyes we see what she could not their toddler s first steps the video of his first birthday party the compassionate messages of hope from around the world And we are there as Lauren gradually emerges into awareness signaling first with her eyes then with smiles her understanding of the words Greg speaks to her the poems he recites the songs he plays Most miraculously we are there when Lauren walks out of the Burn Center The world knows all too well both the nightmare and the heroism that have marked this terrible time in history But no account of September 11 matches the astonishing personal story Greg Manning records in these spontaneous and heartfelt pages It is a story that invites us to share e mail after e mail the perilous course of a mortally wounded woman who by sheer will and courage emerges from near death because she is determined to live for her husband

and her son And it is equally the story of a man who as he stays by her side through these long weeks and months discovers anew the depth of his love and admiration for the woman who becomes his hero **Business Week**, 2004 **TV Guide**, 2007 *The Business Week*, 2004 Teach Yourself the Internet in 24 Hours Ned Snell, 2002 The quick easy and fun way to learn how to use the Internet for work home or school **Brandweek**, 2007-04 **Baseball Guide** Craig Carter, 2001-02 This ultimate 2001 season reference presents everything baseball fans need from America's leading authority in annual sports reference publishing *Presstime*, 1992-07 **The New York Times Index**, 2009 *Legal Issues in Professional Baseball* Lewis Samuel Kurlantzick, 2005 The volume will be the second in an ongoing project on the legal regulation of athletics It will consist of a set of essays on a variety of legal issues facing professional basketball The contributors are a distinguished group of academics and practitioners who have long focused their intellectual efforts on the legal governance of professional and amateur athletics And this is a much needed addition to the law literature both in the United States as well as internationally Basketball now rivals soccer in worldwide popularity Accordingly one chapter will attend to the international dimension of the sport A principal focus will be the present restrictions on the free flow of labor and capital Thus leagues abroad commonly place a limit on the number of foreign players i.e. Americans who can be on a team roster Comparable limitations are placed on foreign ownership of teams In addition the National Basketball Association NBA has an agreement with FIBA the international governing body for basketball that regulates movement of players across continents The legality of these arrangements will be evaluated While attention will be paid to the law of the European Union the principal assessment will be under United States antitrust law That assessment also raises the important issue of the reach of American law with respect to international transactions The globalization of the sport has been aided by the development of the internet which has affected the manner in which games and information about games are disseminated Not surprisingly issues about the control of cybermarket opportunities as between leagues and teams have come to the fore The law both facilitates and limits these developments in light of the public interest in access to information A full chapter will explore these internet related issues Employer employee relations and in particular disciplinary arrangements have a distinctive cast in the NBA as compared with more conventional industries That uniqueness flows from the lack of the typical market constraint on management discipline Imagine an insurance industry executive For him market forces tend to limit the potential for abusive treatment by his employer and provide him with other employment options if he is maltreated This market constraint does not operate in professional basketball because a Commissioner suspension amounts to a ban on hiring by all employers in the industry A chapter will present a critique of the disciplinary arrangements that have evolved in the NBA The location and relocation of franchises are matters of central importance for teams league and municipalities The league's ability to artificially limit the number of franchises below the market clearing number provides teams with major leverage over communities anxious to keep or acquire a professional franchise The manner in which a municipality might

constrain exercise of this market power is a matter of enduring social importance One chapter will analyze leasing arrangements as one response Another chapter will explore the dynamics of team municipality negotiations Both will use the move of the Seattle Supersonics to Oklahoma City as a starting point Among the four major sports in the United States basketball alone supports a professional women s league A chapter will examine the history organizational structure and distinctive problems of the WNBA This chapter may provide a vehicle for exploration of societally related gender and discrimination issues as well Contributors Ira Finkelstein a graduate of Harvard Law School has had very extensive experience in sports litigation Some of that litigation experience has involved disputes with the NBA He is a member of the Committee on Sports Law of the Association of the Bar of the City of New York Russ VerSteeg graduated Phi Beta Kappa from the University of North Carolina at Chapel Hill and magna cum laude from the University of Connecticut School of Law He has taught at New England Law School since 1991 and specializes in Sports Law Copyright Trademarks and Legal History He has published four books and over twenty five law review articles His most recent book is Sports Law Cases and Materials Jacquelyn Bridgeman is on the faculty of the University of Wyoming s College of Law She received her undergraduate degree from Stanford University and her law degree from the University of Chicago Her scholarship has been concentrated in the areas of discrimination and race issues
