Popular Music in a Digital Music Economy Tim J. Anderson, 2013-12-17 In the late 1990s the MP3 became the de facto standard for digital audio files and the networked computer began to claim a significant place in the lives of more and more listeners The dovetailing of these two circumstances is the basis of a new mode of musical production and distribution where new practices emerge This book is not a definitive statement about what the new music industry is Rather it is devoted to what this new industry is becoming by examining these practices as experiments dedicated to negotiating what is replacing an object based industry oriented around the production and exchange of physical recordings In this new economy constant attention is paid to the production and licensing of intellectual property and the rise of the social musician who has been encouraged to become more entrepreneurial Finally every element of the industry now must consider a new type of audience the end user and their productive and distributive capacities around which services and musicians must orient their practices and investments

The Other Bridget Rachael Johns, 2024-01-30 Prolific entertaining and charming Rachael Johns is arguably the best romantic writer in Australia The Australian Named after a famous fictional character librarian Bridget Jones was raised on a remote cattle station with only her mother's romance novels for company Now living alone in Fremantle Bridget is a hopeless romantic She also believes that anyone who doesn't like reading just hasn't met the right book yet and that connecting books to their readers is her superpower If only her love life was that easy When handsome Italian barista Fabio progresses from flirting with love hearts on her coffee foam to joining

the book club she runs at her library Bridget prays her romance curse won't ruin things But it's the attention of her cranky neighbour Sully that seems to be the major obstacle in her life Why is he going to so much effort to get under her skin With the help of her close friends and the colourful characters who frequent her library Bridget decides to put both men to the test by finding just the right books to capture their very different hearts She soon discovers that not all romances start with a meet cute but they might just end in happily ever after Written by Australia's most beloved romance writer The Other Bridget is a delightfully uplifting book about books and a gorgeous celebration of the power and pleasure of romance novels throughout the ages The Other Bridget has everything a booklover could want in a great read Our protagonist is a delight Tick She works with books Tick There's an all star supporting cast Tick The two love interests are perfectly cast and the chemistry sizzles Tick tick But also this exceptional story has so much heart humour and intelligence I often laughed out loud and yes I even got teary It delivers The Other Bridget is Rachael at the top of her game The writing sings It's a superb celebration of libraries friendship and books It will be difficult to top this for a feelgood read this year Better Reading Pure sunshine for the soul I just loved it Tess Woods *Nothing But Net: 10 Timeless Stock-Picking Lessons from One of Wall Street's Top Tech Analysts* Mark Mahaney, 2021-11-09 Find the winners avoid the losers and build a solid Tech portfolio for the long run with proven methods from legendary analyst Mark Mahaney The Tech industry is the stock market's hottest most profitable sector but it can be a roller coaster ride Companies with great ideas can end up going nowhere and some that dominate today will be sold at fire sale prices in five years Sure things can become sore things very rapidly Nothing But Net provides the knowledge and insights you need to understand what's really hot to know what's not and to outperform other investors consistently and decisively Famous for his smart savvy and unique approach to Tech stock investing Mark Mahaney provides his 10 proven rules for succeeding as a long term Tech stock investor explaining everything he's learned during almost 25 years of analyzing internet stocks including Why revenue growth and customer metrics not earnings are what matter most to Tech investors How to invest not trade in the great growth opportunities that lie ahead How to determine when high valuations are a warning sign and when they signal an opportunity I've watched the rise of some of the leading companies of today Facebook Amazon Netflix Google and the fall of some of the leading companies of yesterday Yahoo eBay and AOL Mahaney writes Figuring out which companies really are going to be dominant franchises is an extremely hard thing to do But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation Nothing But Net provides powerful advice for the next two decades lessons you can start applying today and use for years to come The Spectator ,2009 *Admap* ,2009 **National Hardware Bulletin** ,1953 The Economist ,2009
