**Elizabeth Ann Brown**

## **Sweetly Fairy Tale Retelling:**

**Sweetly** Jackson Pearce, 2011-08-23 As a child Gretchen's twin sister was taken by a witch in the woods. Ever since Gretchen and her brother Ansel have felt the long branches of the witch's forest threatening to make them disappear too. Years later when their stepmother casts Gretchen and Ansel out they find themselves in sleepy Live Oak, South Carolina. They're invited to stay with Sophia Kelly, a beautiful candy maker who molds sugary magic coveted treats that create confidence, bravery and passion. Life seems idyllic and Gretchen and Ansel gradually forget their haunted past until Gretchen meets handsome local outcast Samuel. He tells her the witch isn't gone, it's lurking in the forest preying on girls every year after Live Oak's infamous chocolate festival and looking to make Gretchen its next victim. Gretchen is determined to stop running and start fighting back. Yet the further she investigates the mystery of what the witch is and how it chooses its victims the more she wonders who the real monster is. Gretchen is certain of only one thing: a monster is coming and it will never go away hungry.

[Reading Children's Fairytales](#) Mette Lindahl-Wise, Harry Oulton, Vicky MacLeroy, Emily Corbett, 2025-11-17. Fairytales form a cornerstone of children's and YA literature studies and the tale of Hansel and Gretel has been translated, adapted and retold across the years. *Reading Children's Fairytales Inside the Gingerbread House* brings together leading and emerging researchers and practitioners to showcase how interdisciplinary approaches enable diverse responses to texts. This edited collection opens up possibilities for cross pollination between critical multimodal and creative approaches. It celebrates multiple forms of knowledge and meaning making within and beyond academic discourse and engages young people in the conversation. The authors explore a wide range of retellings of Hansel and Gretel from children's picturebooks, graphic novels, poetry and young adult fiction to sculpture and Hip Hop to offer a comprehensive investigation of the tale. The volume also benefits from the voices of acclaimed creative writers who create and reflect on retellings that cross cultural and international boundaries. In engaging with such a range of popular retellings the chapters bring a renewed attention to the need to disrupt hierarchical and canonical perspectives on children's and YA literature.

## **Beyond the Blockbusters**

Rebekah Fitzsimmons, Casey Alane Wilson, 2020-03-18. Contributions by Megan Brown, Jill Coste, Sara K. Day, Rachel Dean, Ruzicka, Rebekah Fitzsimmons, Amber Gray, Roxanne Harde, Tom Jesse, Heidi Jones, Kaylee Jangula, Mootz, Leah Phillips, Rachel L. Rickard, Rebellino, S. R. Toliver, Jason Vanfossen, Sarah E. Whitney and Casey Alane Wilson. While critical and popular attention afforded to twenty-first century young adult literature has exponentially increased in recent years, classroom materials and scholarship have remained static in focus and slight in scope. *Twilight*, *The Hunger Games*, *The Fault in Our Stars* and *The Hate U Give* overwhelm conversations among scholars and critics but these are far from the only texts in need of analysis. *Beyond the Blockbusters: Themes and Trends in Contemporary Young Adult Fiction* offers a necessary remedy to this limiting perspective, bringing together essays about the many subgenres, themes and character types that have until now been overlooked. The collection tackles a diverse range of topics: modern updates to the marriage plot, fairy tale retellings in

dystopian settings stories of extrajudicial police killings and racial justice The approaches are united though by a commitment to exploring the large scale generic and theoretical structures at work in each set of texts As a collection Beyond the Blockbusters is an exciting entryway into a field that continues to grow and change even as its works captivate massive audiences It will prove a crucial addition to the library of any scholar or instructor of young adult literature

*Vigilante Feminists and Agents of Destiny* Laura Mattoon D'Amore,2021-04-07 This interdisciplinary study examines the relationship between violence empowerment and the teenage super heroine in comics and young adult fantasy novels The author analyzes stories of teenage super heroines who have experienced trauma abduction assault and sexual violence that has led to a loss of agency and then tracks the way that their use of violence empowers them to reclaim agency over their lives and bodies The author identifies these characters as vigilante feminist teenage super heroines because they become vigilantes in order to protect other girls and young women from violence and create safer communities The teenage super heroines examined in this book are characters who have the ability through super power or supernatural and magical ability to fight back against those who seek to cause them harm They are a product of and a response to both the pervasive culture of violence against girls and women and a system that fails to protect girls and women from harm While this book is part of a robust intellectual conversation about the role of girls and women in popular literature and culture and about feminist analyses of comics and YA literature it is unique in its reading of violence as empowerment and in its careful tracing and naming of the teenage vigilante super heroine a characterization that is hugely popular and deserves this close reading

*Retelling the Tale* Simon Gaunt,2001-07-26 This introduction to French medieval literature sets out to show that medieval writers were not merely recording an oral tradition but were in fact very aware that they were retelling tales in a new medium

**Fathomless** Jackson Pearce,2012-09-04 Celia Reynolds is the youngest in a set of triplets and the one with the least valuable power Anne can see the future and Jane can see the present but all Celia can see is the past And the past seems so insignificant until Celia meets Lo Lo doesn't know who she is Or who she was Once a human she is now almost entirely a creature of the sea a nymph an ocean girl a mermaid all terms too pretty for the soulless monster she knows she's becoming Lo clings to shreds of her former self fighting to remember her past even as she's tempted to embrace her dark immortality When a handsome boy named Jude falls off a pier and into the ocean Celia and Lo work together to rescue him from the waves The two form a friendship but soon they find themselves competing for Jude's affection Lo wants more than that though According to the ocean girls there's only one way for Lo to earn back her humanity She must persuade a mortal to love her and steal his soul
