Edward Evans,2025-08-07 This eighth edition offers students and working professionals the tools to manage the complex process of creating appropriate collections of resources for all types of libraries Managing collections in today's environment is a challenging process This eighth edition of the classic text on collection management covers all aspects of the management cycle from selection through deselection and preservation The text also includes discussions of intellectual freedom legal issues in collection development and collaborative collection development Timely topics such as diversity open access AI digital preservation local history creation spaces and libraries of things bring this comprehensive overview up to date Engagingly written and easy to understand chapters rely on feedback from experts working in the field and include many sidebars with practical examples and resources Designed primarily for students in LIS programs the text is also a valuable resource for all library workers responsible for collection management Systems from Hell David A. Rochefort,2024-12-01 This book approaches contemporary fiction as a medium for policy advocacy one whose narrative devices both link it to and distinguish it from other forms of public discourse Using the framework of political agenda setting David A Rochefort analyzes the rhetorical function of problem definition played by literary works when they document and characterize social issues while sounding the call for systemic reform Focusing on a group of noteworthy realist novels by American authors over the past twenty years this study maintains that fictional narrative is a potentially influential instrument of empathic policy argument The book closes by examining the agenda setting dynamics through which a social problem novel can contribute to the process of policy change Producing Children Peter C. Kunze, Victoria Ford Smith,2025-04-15 Producing Children imagines the possibility indeed the inevitability of a creative relation between children as producers and consumers by revising the long established hierarchical relation between adults and children The chapters in this collection reveal that studying child produced culture complicates our received understandings of children's culture as culture by adults for children about children They also underscore children's literature as a cultural phenomenon that moves across and beyond genres forms and media As a whole this collection reveals that attention to child produced culture invites dialogue and

collaboration across fields and disciplines invested in the critical understanding of children as embodied beings and childhood as both a stage of development and discursive construct with social political economic and cultural dimensions and influence With the ongoing vibrancy of childhood studies as a multidisciplinary area of inquiry studies of child produced culture provide scholars with an exciting opportunity to complicate enrich and expand theorization of childhood creativity children s culture and even children themselves

Hooked Emily McIntire, 2022-09-20 Once upon a time there was a little boy His belly full of laughter his life full of joy Until one day something changed stripped his innocence away The hole inside making space for the devil to come and play His dreams gone forever he grew up way too fast An endless night of crocodiles and watches made of glass He grew into a villain the taste of vengeance on his tongue Craving to make his enemies pay for the misdeeds they had done Instead he found a Darling girl and refused to let her go For what better way to make the man pay than to steal his little shadow

Still Reading Romance Josefine Smith, Kathleen W. Taylor Kollman, 2025-04-22 In a world that commodifies feminism is adapting romance novels for small and big screen projects and the Romance Writers Association is evolving to a more inclusive representative group it is imperative for researchers to reevaluate the cultural assumptions and gender norming work happening in the romance genre It is time to question the cultural capital of traditional archetypes explore the experience of romance readers and question how romance and cultural studies researchers create quantitative qualitative and mixed methods research This work centers around a data set collected with a revised version of Janice Radway s Reading the Romance survey that will be shared with all the authors of this anthology By having access to this pool authors will have the opportunity to explore different elements of reader experience and cultural norms in romance fiction and potentially reflect on changes since Janice Radway s seminal work The norms and negotiations readers experience while consuming romance is especially interesting as romancelandia becomes a more mainstream part of popular culture with the popularity of Bridgerton and romance series like Ice Planet Barbarians exploding on BookTok No other book in romance or popular culture studies identifies a data set as the connecting element and to do so creates an exciting opportunity to create a more inclusive study of popular romance offer truly interdisciplinary research on the question of how readers read romance and generate diverse areas of future scholarship This edited volume explores multiple issues in romance fiction based on survey data from real romance readers An updated version of Janice Radway s influential survey looking at romance readers in the early 1980s this time scholars explore romance readers habits and attitudes in the twenty first century Each contributor in this volume uses the same survey data to make unique statements about gender intersectionality popular fiction and popular culture By using a common data set but approaching it from different perspectives this unique volume is able to apply multiple methodologies to the same subject
