McPhee, Margaret A. Winker, Michael W. Rabow, Steven Z. Pantilat, Amy J. Markowitz, 2010-12-31 The world's leading source of evidence based guidance on caring for patients at the end of life. Featuring the content of the world's most widely read medical journal plus completely new never before published content. Perfect for medical students, trainees and clinicians alike. Market Audience: Medical students 18000 yr US 250 000 global NP and PA students 25 000 yr US 50 000 global IM and FP residents 30 000 US 60 000 global IM and FP clinicians 140 000 US 300 000 global Palliative medicine 3000 US Oncology 20 000 US 60 000 global Social workers. About the Book: In the tradition of the User's Guides to the Medical Literature and The Rational Clinical Examination, JAMA Care at the Close of Life is based on a widely successful series of articles appearing over the course of the last ten years in JAMA, the world's most widely read medical journal. The series is directed by Stephen McPhee, a leading authority of end of life care and the chief editor of our market leading Current Medical Diagnosis and Treatment text. The articles in the series cover fundamental topics and challenges in caring for patients who have been given a terminal diagnosis. Featuring a strong focus on evidence based medicine and organized by clinical cases, the articles are widely read by faculty, medical students and clinicians who frankly have not been given a solid educational experience on this very important medical issue. The book will be physically modeled after The Rational Clinical Examination in a full color format that highlights the clinical cases. It will be well suited for use as an required or recommended textbook for medical PA and NO students and as a clinical reference text for trainees and practicing physicians and nurses.

Key Selling Features
Based on highly regarded content from the world's most widely read medical journal. All content is completely updated and extensive new never before published content has been added. Case based and evidence based so it's a perfect fit for the way medical students and residents like to learn. Focuses on practical real world issues for primary care physicians and avoids esoteric issues of interest only to specialists in palliative care. Full color format modeled after the highly regarded Rational Clinical Examination. Includes multimedia materials available on line: Power Point slides for teaching and video interviews with patients in end of life care so that faculty and students get supplemental resources for learning the art and science of care at the end of life. Evidence based guidance from the world's leading medical journal on a critical topic that has been neglected in medical education and training until recently.

Author Profile: JAMA is the world's most widely read medical journal and has a reputation for excellence in evidence based medicine. Stephen McPhee has high visibility on account of his editorship of CMDT and for his driving role in enhancing end of life care in medical education and training programs. He is Professor of Medicine, UCSF School of Medicine, San Francisco, CA.
