Swan Mothers Discovering Our True Selves By Parenting Uniquely Magnificent Children:

Swan Mothers Natalia Erehnah, 2012-10-01 Swan Mothers guides parents through the experience of raising autistic ADHD highly sensitive and otherwise uniquely magnificent children. The book relays stories of real mothers parenting not what I expected children and shares fresh tools and techniques for moving from frazzled and frustrated to living a fabulous life. Before children Natalia Erehnah laid the groundwork for what she believed would be perfect parenting. Her children being their magnificently unique selves taught her that perfection did not come from following formulas and philosophies but in honoring them and herself exactly how and where they were. Swan Mothers tells Natalia's story and the stories of other mothers on conscious parenting journeys. It is full of insights and packed with ideas for shifting your perspective and experience of your children, your life and yourself. You will experience many A ha moments as you travel with us through the 7 Phases of the Hero's Journey: Commonplace life when all is well in our world; Realizing that our children are not normal; Saying No thank you to special parenting; Dealing with denial, anger and grief; Acknowledging our children as they are; Beginning research and work to make them the way they are supposed to be; The long road of therapies and treatments focusing on curing and recovering the lost normal child; Physical, emotional and financial exhaustion and collapse from parenting challenging children; Awareness that there is no normal child to recover; there is only a child to see and love; Experiencing rebirth and seeing the world in a new way.

Our children are the hope and promise of this world It's time to show them that they are Beautiful not just on the outside but because of what lies within each of them This book outlines how a personal characteristic that a child thought was negative can actually be positive and help them feel empowered **Becoming Me While Raising You** Kim Muench,2021-07-06

In May of 2008 Kim Muench received a call from the eldest of her five children twenty year old son Nick who confessed that his life was being destroyed by alcohol abuse During his spiral through the darkness Kim worked with her son to help him find long term sobriety But she knew that he was not the only person who needed to change So while she partnered with her family in her son's recovery she also began to make her own physical mental emotional and spiritual well being a priority Knowing parenthood was her greatest role Kim sought to uncover the limiting beliefs she had developed in childhood that were infecting the relationships she'd built with those she loved the most Kim made a conscious choice to parent in a different light As you read *Becoming Me While Raising You* Kim's amazing story will challenge you to Review your core beliefs Release what limits you and Renew your commitment to your true self Join Kim on a journey of self discovery that will inspire you to also look back to move forward **A Special Gift** Carrie Gruman-Trinkner,2000-04-09

When a child who has special problems is born Carrie Gruman Trinkner insists that this little one is a wonderful gift from God not in spite of those problems and differences but because of them She understands the struggles that parents of children with differences go through but also says Rejoice God has given you a precious and wondrous gift one that will touch your heart forever This book is written to express the needs of parents of older children as well as those who are just beginning their journey as the parent of a child that faces physical and development challenges **Bringing Up Bébé** Pamela Druckerman,2012-02-07

The secret behind France's astonishingly well behaved children When American journalist Pamela Druckerman has a baby in Paris she doesn't aspire to become a French parent French parenting isn't a known thing like French fashion or French cheese Even French parents themselves insist they aren't doing anything special Yet the French children Druckerman knows sleep through the night at two or three months old while those of her American friends take a year or more French kids eat well rounded meals that are more likely to include braised leeks than chicken nuggets And while her American friends spend their visits resolving spats between their kids her French friends sip coffee while the kids play Motherhood itself is a whole different experience in France There's no role model as there is in America for the harried new mom with no life of her own French mothers assume that even good parents aren't at the constant service of their children and that there's no need to feel guilty about this They have an easy calm authority with their kids that Druckerman can only envy Of course French parenting wouldn't be worth talking about if it produced robotic joyless children In fact French kids are just as boisterous

curious and creative as Americans They're just far better behaved and more in command of themselves While some American toddlers are getting Mandarin tutors and preliteracy training French kids are by design toddling around and discovering the world at their own pace With a notebook stashed in her diaper bag Druckerman a former reporter for The Wall Street Journal sets out to learn the secrets to raising a society of good little sleepers gourmet eaters and reasonably relaxed parents She discovers that French parents are extremely strict about some things and strikingly permissive about others And she realizes that to be a different kind of parent you don't just need a different parenting philosophy You need a very different view of what a child actually is While finding her own firm non Druckerman discovers that children including her own are capable of feats she'd never imagined *The Invitation of Motherhood* Deborah C. McNamara, 2018-05 This book of honest poignant reflections follows the journey of growth and transformation of one mother as she navigates the early years of parenting her three young sons What she finds is that the daily responsibilities and challenges of motherhood can also become a profound spiritual journey A testimony to how motherhood can spark deep insight this book shows the ways that our children and the process of parenting them can teach us some of the greatest lessons of life how to love more deeply how to be more present and how to find compassion in the rough spaces **Swan** Wendy Lois Gilker, 2016-06-20 In this book you will find the true story of how a person's life can change overnight in hours or an instant It is about how a young mother struggles to adapt to and understand how to deal with the challenges of a lifestyle she knows nothing about In appearance this new life looks like the worst case scenario for any parent yet it is really a story about how one goes from a life of fear and panic to one centered on love and eventually peace In the story of the Ugly Duckling the duck was always the beautiful Swan to be it just had to be with people who were able to see recognize and appreciate the Swan potential The little Ugly Duckling of this story takes her mother on an incredible spiritual journey Bree is a teacher of Swan
