Color This is a coloring book devoted to each and every one of us and to both celebrate and chastise all the f ing morons out
there The men and women who make your day a little bit worse Let s collectively take a dump on the hood of their car Take
their tooth brush and scratch that moist part of your butthole with it You know do something nice Show your support or
contempt with your pens pencils crayons markers or lipstick The main idea with this book was to provide the colorist with
brilliant and stunning images to color but then to really shake things up by splicing in dirty quotes swear words clever but

vulgar sayings sh t like that It s an eye raping to be sure Only until you finish coloring each image will the true profanity take it s shape So be brilliant you son or daughter of a b tch Show us what you ve got This book has been a collaborative effort between artists designers and psychologists This book not only soothes you but also increases mental stimulation The pictures and designs may seem random at first glance but they re anything but Our idea with this project was to both inspire you and increase neuronal activity and stimulation in a way that activates very unique parts of your mind There are fields of research suggesting that both children and adults who work with coloring books and designs can effectively raise their IQ So have fun relax let the markers and pens do what they will and hang on for an incredible mind altering ride We hope to give the designer you a very introspective and mind expanding experience MARKER NOTE If you feel like using markers we suggest Staedtler Triplus Fineliner marker pens They re easy to use and are very good when it comes to bleeding issues We ve chosen a paper that we feel offers the best compromise between durability and brightness so that your ideas come to life without being encumbered by the paper USE A PIECE of blank PAPER beneath your drawings as you color them especially if you are using markers with alcohol in them Ideally you would use map colors or colored pencils because they create the longest lasting unfading color PLEASE Take pictures of your finished coloring designs and post them to CYNTHIA VAN EDWARD s Facebook page Also if you post them in a review we will send you a free copy of any of the other books Cynthia or our other artists have designed So check us out and let s see what you re made of
