Recent Trends in Correspondent Banking Relationships International Monetary Fund. Strategy, Policy, & Review Department, International Monetary Fund. Legal Dept., International Monetary Fund. Monetary and Capital Markets Department, 2017-04-21

Correspondent banking relationships (CBRs) which facilitate global trade and economic activity have been under pressure in several countries. So far cross border payments have remained stable and economic activity has been largely unaffected despite a recent slight decrease in the number of CBRs. However, in a limited number of countries financial fragilities have been accentuated as their cross border flows are concentrated through fewer CBRs or maintained through alternative arrangements. These fragilities could undermine affected countries long run growth and financial inclusion prospects by increasing costs of financial services and negatively affecting bank ratings.
