The Torchlight List:

The Torchlight List Jim Flynn, 2013-11-01 In today's world it seems that everywhere we turn we are saturated with book recommendations from talk shows magazines radio shows friends and top ten lists But which books are really the best and what effects do the books we read have on our intelligence The Torchlight List has the answers A professor for over forty years Jim Flynn was concerned when he saw that his students were reading less and less He decided to compile a list of recommendations for them which expanded to include two hundred titles that transport the reader into a magic realm of knowledge and imagination The books must also shed light on human psychology history science or philosophy the concepts needed to comprehend the complexities of the modern world The list named in honor of Flynn's uncle who read by torchlight onboard a ship during WWI is divided by geographical area Flynn offers a brief explanation on the history each book deals with and comments on the plots with humor and wit He bets each reader that at least one of the five first titles will change his or her life This is a book that will inspire you to reread books you love and to discover and relish many new ones

The New Torchlight List James Robert Flynn, 2016 Writers festivals TV book shows radio interviews book clubs TED Talks today's novelists are a travelling roadshow New books and their authors are thrown to the wolves aka reviewers to be savaged praised to the skies or sadly just ignored In the midst of all this how can the bewildered booklover decide what to read Jim Flynn tackles the question head on in this racy funny no holds barred book the sequel to his bestseller *The Torchlight List* Flynn spent 6 years reading nearly 400 books by modern authors including many new works in translation Are the authors who receive all the hype really the best Who's worth reading and who's not Readers will be shocked surprised and sometimes enraged by Flynn's audacious opinions Above all they will be inspired as we have been at Awa Press to try many new authors and read new work by authors we have loved in the past
