In the Nelson family's first ever cookbook we're cooking with good vibes only. Drawn from their favorite meals on nationwide tours at the ranch at home and in their favorite cities along the way these recipes have stories to tell and what better way to enjoy a good meal than with a high flying tale and a relaxing buzz. Each recipe provides a cannabis kick to ease the mind as much as the body making their cookbook an exciting, comforting and lively way to dive into their story as they draw from meals shared with family, friends and fans alike. The recipes themselves are delicious and easy to make at home. Buffalo wings, chocolate cake, fried chicken. Only the good stuff. And it includes an additional chapter providing a full suite of cannabis infused base ingredients: cannabutter, finishing oil, simply syrups, sugars, salts and tinctures. **Lemongrass and Sweet Basil** Khamtane Signavong, 2004 **The Real Paleo Diet Cookbook**

Loren Cordain, 2015-03-03 This book is beautifully illustrated and the recipes are nothing short of delicious and fun to prepare. This is really the gourmet Paleo Diet. Jack Challem, bestselling author of The Inflammation Syndrome. It's official: the real Paleo Diet is back. Loved for its simplicity, health benefits and because it really works, the diet has been widely imitated since its release. Yet no one knows this plan better than Loren Cordain, its creator. As an expert in evolutionary medicine, Cordain realized we had moved away from the foods we were designed to eat: lean proteins, fruits and vegetables, while modern staples such as sugar, salt and carbohydrates were creating a host of 21st century health issues including obesity and heart disease. By eating the right food, people are healthier. But can eating Paleo be tasty? In this all-new cookbook with 250 recipes and 75 photos, Cordain makes eating Paleo a pleasure, not a burden. Ranging from Cucumber Aqua Fresca to Fruit Stuffed Top Loin Roast with Brandy Sauce, the recipes satisfy even the most finicky. This is the book the Paleo community has been waiting for: scientific accuracy combined with great taste. The cookbook for the Paleo gourmet. These recipes are delicious, healthy and visually stunning, with innovative flavor combinations and use of spices. More importantly, this book presents clearly and concisely which foods belong on the Paleo diet and which do not, along with why. Even experienced Paleo chefs will find that these recipes expand and enliven the Paleo palate. **Lynda Frassetto MD** **The Berkeley Bowl Cookbook** Laura McLively, 2018-04-17 Celebrating the unfamiliar yet extraordinary produce from California's most iconic market.
