**Thomas G. Weiss**

NEW MILLENNIUM BOOKS IN INTERNATIONAL STUDIES

# Sword Salve Confronting New Warhumanitarian Crises

**Stephan Hobe**

## **Sword Salve Confronting New War humanitarian Crises:**

Sword & Salve Peter J. Hoffman, Thomas George Weiss, 2006 In the first book to systematically explore the linkages between war and emergency response Hoffman and Weiss focus on the profound impact of new wars with non state actors The authors trace the evolution of the international humanitarian system from its inception in the 1860s through the current challenges cast by recent U S military action in Afghanistan and Iraq By bringing historical perspective to bear on the mechanics of war and humanitarian action Sword Salve provides an essential analytical framework for grasping the nature of crises and how aid agencies can respond strategically rather than reactively to change Students will find it a powerful tool for understanding the roles of state and non state actors in international relations as well as the panoply of means and ends encompassed by contemporary humanitarianisms

**Sword & Salve** Peter J. Hoffman, Thomas George Weiss, 2006-03-03 Arguing forcefully that changing times are a clarion call for new thinking this book convincingly shows that if humanitarian organizations continue to operate as they have in the past they will fail to help the very victims whom they try to save Focusing especially on the emergence of new wars Hoffman and Weiss insist that humanitarian organizations must recognize that they live in a political world and that their actions and goals are invariably affected by military action The brand of warfare that erupted in the 1990s marked by civil or transnational armed conflicts featuring potent non state actors altered political economies a high proportion of civilian casualties and a globalized media produced horrors that shocked consciences and led humanitarian agencies to question their unyielding stance of neutrality and impartiality Indeed in a departure from earlier norms and practices some have reinvented their policies and tools and created new humanitarianisms This authoritative book traces the evolution of the international humanitarian system from its inception in the 1860s parses the dynamics of war and emergency response from the 1980s through the current disasters in Afghanistan and Iraq and provides a strategic roadmap for practitioners By bringing historical perspective to bear this volume provides an invaluable analytical framework for grasping the nature of humanitarian crises and how agencies can respond strategically rather than reactively to change Students will find its blend of clearly presented theory and case studies a powerful tool for understanding the roles of state and non state actors in international relations By charting the tides of continuity and change this book will prepare agencies to dodge both figurative and actual bullets that threaten humanitarian action at the outset of the millennium

**Humanitarianism in Question** Michael Barnett, Thomas G. Weiss, 2012-05-15 Years of tremendous growth in response to complex emergencies have left a mark on the humanitarian sector Various matters that once seemed settled are now subjects of intense debate What is humanitarianism Is it limited to the provision of relief to victims of conflict or does it include broader objectives such as human rights democracy promotion development and peacebuilding For much of the last century the principles of humanitarianism were guided by neutrality impartiality and independence More recently some humanitarian organizations have begun to relax these tenets The recognition that humanitarian action can lead to negative

consequences has forced humanitarian organizations to measure their effectiveness to reflect on their ethical positions and to consider not only the values that motivate their actions but also the consequences of those actions In the indispensable *Humanitarianism in Question* Michael Barnett and Thomas G Weiss bring together scholars from a variety of disciplines to address the humanitarian identity crisis including humanitarianism's relationship to accountability great powers privatization and corporate philanthropy warlords and the ethical evaluations that inform life and death decision making during and after emergencies

*Shaping the Humanitarian World* Peter Walker, Daniel Maxwell, 2014-08-07 Providing a critical introduction to the notion of humanitarianism in global politics tracing the concept from its origins to the twenty first century this book examines how the so called international community works in response to humanitarian crises and the systems that bind and divide them By tracing the history on international humanitarian action from its early roots through the birth of the Red Cross to the beginning of the UN Peter Walker and Daniel G Maxwell examine the challenges humanitarian agencies face from working alongside armies and terrorists to witnessing genocide They argue that humanitarianism has a vital future but only if those practicing it choose to make it so Topics covered include the rise in humanitarian action as a political tool the growing call for accountability of agencies the switch of NGOs from bit players to major trans national actors the conflict between political action and humanitarian action when it comes to addressing causes as well as symptoms of crisis This book is essential reading for anyone with an interest in international human rights law disaster management and international relations

**A Crisis of Global Institutions?** Edward Newman, 2007-08-07 Considers if there is a crisis in global institutions which address security challenges exploring the sources of these challenges and how multilateralism might be more viably constituted to cope with contemporary and future demands

*Humanitarianism, War, and Politics* Peter J. Hoffman, Thomas G. Weiss, 2017-06-27 What is humanitarianism This authoritative book provides a comprehensive analysis of the original idea and its evolution exploring its triangulation with war and politics Peter J Hoffman and Thomas G Weiss trace the origins of humanitarianism its social movement and the institutions international humanitarian law and organizations providers of assistance and protection that comprise it They consider the international humanitarian system's ability to regulate the conduct of war to improve the wellbeing of its victims and to prosecute war criminals Probing the profound changes in the culture and capacities that underpin the sector and alter the meaning of humanitarianism they assess the reinventions that constitute revolutions in humanitarian affairs The book begins with traditions and perspectives ranging from classic international relations approaches to Critical Humanitarian Studies and reviews seminal wartime emergencies and the creation and development of humanitarian agencies in the late nineteenth and twentieth centuries The authors then examine the rise of new humanitarianisms after the Cold War's end and contemporary cases after 9 11 The authors continue by unpacking the most recent revolutions the International Criminal Court and the Responsibility to Protect as well as such core challenges as displacement camps infectious diseases eco refugees and marketization They conclude by evaluating the

contemporary system and the prospects for further transformations identifying scholarly puzzles and the acute operational problems faced by practitioners *Enemy Intimacies and Strange Meetings in Writings of Conflict 1800-1918* Holly Furneaux, 2025-04-03 Propaganda others the enemy as brutish brutal and lacking in humanity By contrast a wealth of literary and first hand writings present switches in which the enemy becomes as Wilfred Owen famously put it a strange friend This book focuses on moments of intimacy and reassessment between military enemies truces treatment of the wounded relationships with prisoners of war It is concerned with the work done by declarations of fellow feeling both to challenge and enable militarism The book explores enemy intimacies in literature philosophy and life writings to ask questions about the nature of amity enmity familiarity and otherness It ranges across British conflicts of the long nineteenth century a period in which ideas about the uniqueness of combat experience coalesced with a European effort to secure a distinctive version of so called civilized humanity The sense that soldiers of the other side bonded by experiences unavailable to civilians were just like us came into tension with views about the dissimilarity of other nations and races This book considers which enemies can become familiar and which are held as other investigating dividing lines of nation race religion and culture *Enemy Intimacies and Strange Meetings* asks how far these affectively powerful encounters can shift individual and wider narratives about civilisation and humanitarianism Attention to the violence that can be done by claiming and denying fellow feeling is held in tension with hope in the queer possibilities of reoriented compassion This book uncovers a rich cultural history of enemy intimacies to consider different orientations of cosmopolitanism and humanitarian fellow feeling while recognizing and explaining the ways in which full international kinship remains elusive **The Global Community Yearbook of**

**International Law and Jurisprudence 2018** Giuliana Ziccardi Capaldo, 2019-08-16 The Global Community Yearbook is a one stop resource for all researchers studying international law generally or international tribunals specifically The Yearbook has established itself as an authoritative source of reference on global legal issues and international jurisprudence It includes analysis of the most significant global trends in a way that allows readers to monitor the development of the global legal order from several perspectives The Global Community Yearbook publishes annually in a volume of carefully chosen primary source material and corresponding expert commentary The general editor Professor Giuliana Ziccardi Capaldo employs her vast expertise in international law to select excerpts from important court opinions and to choose experts from around the world to contribute essay guides which illuminate those cases Although the main focus is recent case law from the major international tribunals and regional courts the first four parts of each year's edition features expert articles by renowned scholars who address broader themes in current and future developments in international law and global policy themes that appear throughout the case law of the many courts covered by the series as a whole The Global Community Yearbook has thus become not just an indispensable window to recent jurisprudence the series now also serves to prepare researchers for the issues facing emerging global law The 2018 edition both updates readers on the important work of long standing

international tribunals and introduces readers to more novel topics in international law The Yearbook continues to provide expert coverage of the Court of Justice of the European Union and diverse tribunals from the International Court of Justice ICJ to criminal tribunals such as the International Criminal Court ICC and the Tribunals for the Former Yugoslavia and Rwanda to economically based tribunals such as ICSID and the WTO Dispute Resolution panel This edition contains original research articles on the development and analysis of the concept of global law and the views of the global law theorists such as whether the Paris Declaration of 2017 and the Oslo Recommendation of 2018 deals with enhancing their institutions legitimacy how to reconcile human rights trade law intellectual property investment and health law with the WTO dispute settlement panel upholding Australia s tobacco plain packaging measure Israel s acceptance of Palestinian statehood contingent upon prior Palestinian demilitarization is potentially contrary to pertinent international law and a proposal to strengthen cooperation between the ECJ and National Courts in light of the failure of the dialogue between the ECJ and the Italian Constitutional Court on the interpretation of Article 325 of the Treaty on the Functioning of the European union The Yearbook provides students scholars and practitioners alike a valuable combination of expert discussion and direct quotes from the court opinions to which that discussion relates as well as an annual overview of the process of cross fertilization between international courts and tribunals The Yearbook provides students scholars and practitioners alike a valuable combination of expert discussion and direct quotes from the court opinions to which that discussion relates as well as an annual overview of the process of cross fertilization between international courts and tribunals and a section focusing on the thought of leading international law scholars on the subject of the globalization This publication can also be purchased on a standing order basis

Global Governance and the UN Thomas George Weiss, Ramesh Chandra Thakur, 2010 In the 21st century the world is faced with threats of global scale that cannot be confronted without collective action Although global government as such does not exist formal and informal institutions practices and initiatives together forming global governance bring a greater measure of predictability stability and order to trans border issues than might be expected Yet there are significant gaps between many current global problems and available solutions Thomas G Weiss and Ramesh Thakur analyze the UN s role in addressing such knowledge normative policy institutional and compliance lapses The UN s relationship to these five global governance gaps is explored through case studies of some of the most burning problems of our age including terrorism nuclear proliferation humanitarian crises development aid climate change human rights and HIV AIDS

Refugee Survey Quarterly , 2010      **Journal of Peace Research** , 2006-11      **Globalisation - the State and International Law** Stephan Hobe, 2009 The effects of globalization on international law was the focus of an international symposium held in Cologne the contributions to which are published here      Sword and Salve Peter J. Hoffman, 2006

Historical Dictionary of the United Nations Jacques Fomerand, 2007-02-05 Includes entries on the UN s various committees and organizations its leaders terms policies and major events in which the UN took part      *Multilateralism*

*Under Challenge?* Edward Newman, Ramesh Chandra Thakur, Ramesh Thakur, John Tirman, 2006 Multilateralism under Challenge explores the performance and future of multilateral approaches and institutions with reference to major global problems such as terrorism weapons of mass destruction HIV AIDS environmental sustainability economic justice human rights and humanitarian assistance **Choice** ,2007-03 **The African Journal of Business and Law** ,2007

Bibliographie Mensuelle United Nations Library (Geneva, Switzerland),2006-10 **The British National Bibliography** Arthur James Wells,2006 *Sword & Salve* Thomas G. Weiss,2006 In the first book to systematically explore the linkages between war and emergency response Hoffman and Weiss focus on the profound impact of new wars with non state actors The authors trace the evolution of the international humanitarian system from its inception in the 1860s through the current challenges cast by recent U S military action in Afghanistan and Iraq By bringing historical perspective to bear on the mechanics of war and humanitarian action *Sword Salve* provides an essential analytical framework for grasping the nature of crises and how aid agencies can respond strategically rather than reactively to change Students will find it a powerful tool for understanding the roles of state and non state actors in international relations as well as the panopoly of means and ends encompassed by contemporary humanitarianisms
