the first time in the history of the world, the people of the United States have been called upon to decide whether they will submit to the law of force, and let a一小部分 of their country be held at the point of a bayonet, or whether they will, in the language of their fathers, "put their souls in their hands and trust in God."

11. *What is the primary purpose of the following statement?*

the first time in the history of the world, the people of the United States have been called upon to decide whether they will submit to the law of force, and let a一小部分 of their country be destroyed, or whether they will, in the spirit of the Declaration of Independence, assert their rights, and, in the struggle, be willing to incur the curse of heaven. I have, therefore, no hesitation in saying, that, if the Southern States do not submit to the law of force, and let a一小部分 of their country be destroyed, they will be in the right, and that the people of the United States will be in the wrong.

He was a man of great energy and determination, and he was always looking for ways to improve the quality of life for the people of his community. He was a true leader, and his legacy will continue to inspire others for years to come.
