So why would they enjoy listening, watching or reading about the horrible things rapists and serial killers do to their targets? With this paper I seek to shed light into that paradox. I want to explain why true crime media is specifically popular amongst women. So firstly I will give a quick introduction into the rising popularity of true crime media. Secondly I will explore as well as explain the gender gap in true crime consumption with the aid of various social psychological, sociological and criminological research and present a profile of the typical female true crime fan. I will finish off with a summary.
