Global Meets Digital Vinod Jain,2023-06-02 The world today is at the intersection of two megatrends Globalization and Digitalization a business revolution unfolding in real time Global Meets Digital captures the many nuances of this revolution succinctly including its impact on our lives and business An immediate implication of this revolution is that the economic principles that underpinned business and strategy for hundreds of years such as diminishing returns to scale and resource scarcity are no longer valid for a large and growing number of products and services The book will challenge you to think differently not just about digital products but also about physical products In the global digital world products are of three kinds physical digital and smart machines products that are both physical and digital and connected to the internet a distinction missed by most books on strategy and global business The economics of each kind of products is distinct from that of the others which has strategic implications for all kinds of businesses implications such as how to compete and how to create and capture value With several mini case studies and over 100 company examples the book covers themes and cutting edge issues like the paradox of globalization digital disruption disruptive business models exponential technologies Internet of Things competition in digital markets winner take all market dynamics Industry 4 0 how to innovate strategizing for the New Normal and value creation and value capture in both B2C and B2B contexts The book derives its underpinnings from the practice of global and digital business while theory remains in the background Intended specifically for an executive professional audience Global Meets Digital should also be of value to business students and professors learning to dip their toes into a digital world Vinod Jain is an expert in global and digital strategy award winning professor Fulbright Scholar and author of an MBA textbook Global Strategy He taught at the Rutgers Business School Newark and New Brunswick and the Robert H Smith School of Business University of Maryland College Park At Maryland he was also the Founding Director of the federally funded Center for International Business Education and Research and

Academic Director of Smith School's Executive MBA program in China Since leaving Maryland he has taught in China Denmark Finland Poland and India as a visiting or term professor His opinion pieces have appeared in The Washington Post The Baltimore Sun Mensa Bulletin and Economic Times and Mint India's 1 and 2 business dailies among other media In the past he worked as a middle and senior level executive with American and British multinationals Vinod has a PhD in Strategy and International Business from the University of Maryland College Park MS in Management from UCLA and MS and BS Hons in Statistics from the Indian Statistical Institute Calcutta

Key Changes Howie Singer, Bill Rosenblatt, 2023 Tells a new story about the history of the music business and the ten technological advances that disrupted it over the last century In recent years narratives about the music industry tend to hew to a common theme it was humming along for decades until the Internet and Napster came along and disrupted it Key Changes shows that this view is incorrect the industry was actually shaken up not once in the 1990s but ten times over more than 100 years These ten disruptions came with the introduction of new formats for enjoying recorded music starting with the cylinders and discs played on early phonographs then moving through radio LPs tapes CDs television digital downloads streaming and streaming video and then into Artificial Intelligence AI which enables a wide range of new capabilities with profound impacts upon the business This book devotes a chapter to each of these formats illustrating how such innovations beget shifts in creativity consumer behavior economics and law Each of the technological innovations covered in this book not only disrupted the music business but also fundamentally altered the industry's character And while the technologies themselves have evolved in unique and varied ways over the decades the changes within the business follow a clear pattern Veteran music industry professionals and music technology experts Howie Singer and Bill Rosenblatt illuminate this pattern through a framework they term the 6 Cs cutting edge technology channels of distribution creators consumers cash copyright This framework provides insight into how such disparate innovations similarly disrupted and transformed the music business in each era Extensively researched and supplemented by interviews with Grammy winning artists producers and executives the book provides an insightful perspective on the ways technology has fundamentally altered the music industry throughout history and into the present era

Podcast Journalism David Dowling, 2024-03-19 Runner up 2025 Tankard Book Award Association for Education in Journalism and Mass Communication Podcasting's stratospheric rise has inspired a new breed of audio reporting Offering immersive storytelling for a binge listening audience as well as reaching previously underserved communities podcasts have become journalism's most rapidly growing digital genre buoying a beleaguered news industry Yet many concerns have been raised about this new medium such as the potential for disinformation the influence of sponsors on content the dominance of a few publishers and platforms and at times questionable adherence to journalistic principles David O Dowling critically examines how podcasting and its evolving conventions are transforming reporting and even reshaping journalism's core functions and identity He considers podcast reporting's most influential achievements as well as its most consequential ethical and journalistic shortcomings

emphasizing the reciprocal influences between podcasting and traditional and digital journalism Podcasting both as a medium and a business has benefited from the blurring of boundaries separating news from entertainment editorial from advertising and neutrality from subjectivity The same qualities and forces that have allowed podcasting to bypass the limitations of traditional categories expand the space of social and political discourse and provide openings for marginalized voices have also permitted corporations to extend their reach and far right firebrands to increase their influence Equally attentive to the medium's strengths and flaws this is a vital book for all readers interested in how podcasting has changed journalism

Conceptualisation of a Strategic Framework* Nils Berkemeyer,2016-05-06 Master s Thesis from the year 2015 in the subject Business economics Business Management Corporate Governance grade 1 0 Cass Business School language English abstract An increasing number of journalistic articles and academic literature deal with the struggle of established companies to fend off the attacks by industry newcomers such as Airbnb Spotify Netflix Google and many others These companies enter traditional industries with innovative business models and compete in a manner which makes it challenging for incumbent firms to understand their novel competition and respond effectively This study introduces a typology of three stages of industry disruption that classify the newcomer s developmental stage and describe the incumbent s competitive position in terms of competition intensity and remaining time to respond It is demonstrated how incumbents may conduct their strategic reasoning along these stages to arrive at a strategic goal and evaluate possible counter measures Essentials of Marketing Analytics, 1e Joseph F. Hair (Jr.),Dana E. Harrison,Haya Ajjan,2021 We developed this new book with enthusiasm and great optimism Marketing analytics is an exciting field to study and there are numerous emerging opportunities for students at the undergraduate level and particularly at the master s level We live in a global highly competitive rapidly changing world that is increasingly influenced by digital data expanded analytical capabilities information technology social media artificial intelligence and many other recent developments We believe this book will become the premier source for new and essential knowledge in data analytics particularly for situations related to marketing decision making that can benefit from marketing analytics which is likely 80 percent of all challenges faced by organizations *Contextual Pricing: The Death of List Price and the New Market Reality* Robert Docters,Michael Barzelay,John G. Hanson,Cecilia Nguyen,2011-10-19 A REVOLUTIONARY NEW PERSPECTIVE ON HOW PRICING REALLY WORKS Contextual Pricing delivers a knock out punch to complacent and low return pricing approaches This book is full of intriguing fresh insights which will expand your perspective on what is possible in maximizing revenue from your company s products and services Mark Greatrex Chief Marketing Officer Cox Communications and former SVP Global Still Beverages The Coca Cola Company To effectively price managers must understand market context the frame of reference for buyers Context is far more important than the usual measures of price variation I strongly recommend this readable and useful book to any business leader who suspects his or her company is falling short of achievable revenues Dave Calhoun Chairman and CEO Nielsen Company and former Vice Chairman General Electric Company About the Book A few leading companies have jettisoned ideas about pricing that other companies believe are indispensable The result has

been superior performance against competitors who persist in a simplistic 1990s belief in value Contextual Pricing describes how buyers are influenced by comparison points and contextual messages more than by actual price levels Identical products can sell at radically different prices to the same target customer if context is strategically managed This fact is how Procter Gamble GE Coca Cola Company Amazon Google Microsoft and others make sure they get the best possible price The use of context is changing the way companies price and sell in the new global economy This readable and market tested book describes the contextual pricing perspective how it is being used in B2B and B2C markets and how you can make the shift to contextual pricing in your own business Whether you re a CEO P L manager marketing director sales manager or entrepreneur Contextual Pricing shows you how to Understand how your customer will make buying decisions and the role of pricing in those decisions Establish better more intuitive prices using context Develop contextual pricing strategies that defeat competitor pricing how contextual pricing can be the antidote to destructive price wars Harmonize your pricing with branding product development and channel strategies Increase your profits with proven pricing tools such as scientific bundling tiering branding upsell hooks and more Through its illuminating case by case studies Contextual Pricing delivers a wide range of pricing techniques and customer insights that you won t find anywhere else You ll learn how to avoid common pitfalls when raising or lowering prices and discover how you can compete in traditional or emerging digital marketplaces and beat the competition through superior tactics not through lower margins When you know the secrets of Contextual Pricing you can name your price drive your sales increase your profits and own your success Transnational Law & Contemporary Problems ,2011 Mike Meyers' CompTIA A+ Guide to Managing and Troubleshooting PCs, Fifth Edition (Exams 220-901 & 220-902) Mike Meyers,2016-04-29 Essential Skills for a Successful IT Career Written by the leading authority on CompTIA A certification and training this four color guide will help you become a certified IT professional with proven expertise in hardware and software and help you pass CompTIA A exams 220 901 and 220 902 Mike Meyers CompTIA A Guide to Managing and Troubleshooting PCs Fifth Edition offers complete coverage of the latest exam objectives You ll get on the job tips end of chapter review questions and hundreds of color photographs and illustrations Learn how to Work with CPUs RAM microprocessors BIOS motherboards power supplies and other PC components Install configure and troubleshoot hard drives Manage peripheral devices and removable media Install upgrade and maintain operating systems including Windows Mac OS X and Linux Troubleshoot common computer problems Establish users and groups Set up video and multimedia cards Administer smartphones tablets and other mobile devices Install and configure wired and wireless networks Connect to the Internet Secure your PC and your network Install configure and manage printers and multifunction devices Work with the latest virtualization technologies Understand safety and environmental issues Electronic content includes Practice exams for 901 902 One hour of free video training from Mike Meyers TotalSim simulations of performance based questions Mike s favorite free PC tools and utilities A complete PDF copy of the book Instructor resources available
