Blogs, Wikis, Podcasts, and Other Powerful Web Tools for Classrooms Will Richardson, 2010-03-01 This book is loaded with insightful and honest advice about using Web 2.0 in education. Will Richardson has amassed decades of technology integration experience as a teacher, consultant, blogger, and educational leader. There are few like him and few books like this. Curtis J. Bonk, Professor, Indiana University, Author of *The World is Open: How Web Technology is Revolutionizing Education*. Richardson's book was a touchstone for me when I started trying to figure out how to integrate participatory media into my teaching. I recommend this book to any teacher at any level who is interested in the learner-centric pedagogy that social media enables. Howard Rheingold, Lecturer, Stanford University, Author of *Smart Mobs: The Next Social Revolution*. Explore the wide world of new, easy-to-use Web publishing and information gathering tools. Written for educators of all levels and disciplines, this third edition of the best-selling book *Blogs, Wikis, Podcasts, and Other Powerful Web Tools for Classrooms* provides real examples from K-12 teachers around the world who are at the forefront of bringing today's Web tools into their schools and to their students. This book is filled with practical advice on how teachers and students can use the Web to learn more, create more, and communicate better. This fully updated resource opens up a new technology toolbox for both novice and tech-savvy educators. Will Richardson provides clear explanations of specific teaching applications with how-to steps for teaching with Weblogs, Wikis, Really Simple Syndication (RSS) feeds, and aggregators, Social bookmarking, Online photo galleries, Facebook, MySpace, and Twitter. Updated with materials on Web publishing and information literacy, this invaluable handbook helps students and teachers use Web tools within the classroom to enhance student learning and achievement.

Forest and Stream, 1893 **Using Digital Information Services in the Library Workplace** Marie Keen Shaw, 2022-03-21 Library collections have rapidly evolved from a predominance of print books and journals to an ever-growing mix of digital and print resources. Support staff are expected to know how to help patrons select and use digital information services such as databases, digital collections, digital archives, ebooks, streaming video, discovery search products, the Internet, and user-focused library interfaces and applications. Yet most library support staff (LSS) has not had training to become proficient in finding, using, and instructing others in the wide range of digital library services. *Using Digital Information Services in the Library Workplace: An Introduction for Support Staff* is an up-to-date text for professors who teach digital information use and management in library support staff programs and a handbook for those working in libraries who want to keep current as they expand their knowledge and skills. This book will help support staff members to know and use terms and concepts used in digital information services; use digital information services effectively; know how to evaluate and select databases and services; understand issues and trends in the library digital information industry; distinguish key features and enhancements found among vendors and providers of digital libraries, digital collections, databases, and e-texts; plan budget and write grants for digital services; understand the complexity and options of licensing

and usage agreements for digital information services Know copyright permissions and acceptable use guidelines for digital information services Use government databases and other digitized systems and information sources Locate digital collections of museums universities and other sources that librarians can share with patrons Understand the concepts of preservation using digital technologies Create local digital resources of primary and historical materials and artifacts with metadata and cataloging for searchable access The Library Support Staff series is aimed for staff that work in libraries and want to enhance their skills college professors who teach library support staff instruction and or students who seek academic credit Each book in the series addresses a specific topic in an academic curriculum for library support staff Content of each book in the series is aligned with American Library Association competencies for accredited programs and learning for library support staff ALA LSSC The text is written in clear language with practical examples of how performance can contribute to exemplary library service
