

Answer _____

1. The graph shows the relationship between the amount of energy and the amount of work done.

- (A) constant energy and constant work done
- (B) constant energy and constant work done
- (C) constant energy and constant work done
- (D) constant energy and constant work done

2. The graph shows the relationship between the amount of energy and the amount of work done.

- (A) constant energy and constant work done
- (B) constant energy and constant work done
- (C) constant energy and constant work done
- (D) constant energy and constant work done

3. The graph shows the relationship between the amount of energy and the amount of work done.

What does the graph show about the relationship between energy and distance?

- (A) Energy is constant and distance is constant.
- (B) Energy is constant and distance is constant.
- (C) Energy is constant and distance is constant.
- (D) Energy is constant and distance is constant.

Answer _____

1. The graph shows the relationship between the amount of energy and the amount of work done.

The graph shows the relationship between the amount of energy and the amount of work done. The amount of energy is constant and the amount of work done is constant.

What does the graph show about the relationship between energy and distance?

2. The graph shows the relationship between the amount of energy and the amount of work done.

$$E = 100 + 10d$$

What does the graph show about the relationship between energy and distance?

- (A) Energy is constant and distance is constant.
- (B) Energy is constant and distance is constant.
- (C) Energy is constant and distance is constant.
- (D) Energy is constant and distance is constant.

3. The graph shows the relationship between the amount of energy and the amount of work done. What does the graph show about the relationship between energy and distance?

- (A) Energy is constant and distance is constant.
- (B) Energy is constant and distance is constant.
- (C) Energy is constant and distance is constant.
- (D) Energy is constant and distance is constant.
