What activities might a teacher use to help children explore the life cycle of butterflies
What does a science teacher need to conduct a leaf safari for students
Where can children safely enjoy hands on experience with life in an estuary
Selecting resources to teach elementary school science can be confusing and difficult but few decisions have greater impact on the effectiveness of science teaching
Educators will find a wealth of information and expert guidance to meet this need in *Resources for Teaching Elementary School Science*
A completely revised edition of the best selling resource guide *Science for Children*
Resources for Teachers this new book is an annotated guide to hands on inquiry centered curriculum materials and sources of help in teaching science from kindergarten through sixth grade
Companion volumes for middle and high school are planned
The guide annotates about 350 curriculum packages describing the activities involved and what students learn
Each annotation lists recommended grade levels accompanying materials and kits or suggested equipment and ordering information
These 400 entries were reviewed by both educators and scientists to ensure that they are accurate and current and offer students the opportunity to Ask questions and find their own answers
Experiment productively
Develop patience persistence and confidence in their own ability to solve real problems
The entries in the curriculum section are grouped by scientific area Life Science Earth Science Physical Science and Multidisciplinary and Applied Science and by type core materials supplementary materials and science activity books
Additionally a section of references for teachers provides annotated listings of books about science and teaching directories and guides to science trade books and magazines that will help teachers enhance their students science education
Resources for Teaching Elementary School Science also lists by region and state about 600 science centers museums and zoos where teachers can take students for interactive science experiences
Annotations highlight almost 300 facilities that make significant efforts to help teachers
Another section describes more than 100 organizations from which teachers can obtain more resources
And a section on publishers and suppliers give names and addresses of sources for materials
The guide will be invaluable to teachers principals administrators teacher trainers science curriculum specialists and advocates of hands on science teaching and it will be of interest to parent teacher organizations and parents *Manual and Course of Study for the Public*
