## **Torah Mietzion Shemot:**

Torah Mietzion Yeshivat Har Etzion, 2012-03 Torah MiEtzion presents original insightful essays on the Bible by the rabbis of Yeshivat Har Etzion one of today's most vibrant and influential schools of modern biblical interpretation. Since its founding in Israel in 1968 Yeshivat Har Etzion has emphasized Bible study alongside Talmud study in order to foster what its founder Rabbi Yehuda Amital z"l called an organic understanding of Torah and Torah philosophy. The result has been the development of a unique analytically rigorous creative interpretive method that is infused with a profound quest for meaning. Numbers 20-36 L. Michael Morales, 2024-11-07 Often overlooked and regularly misunderstood the Book of Numbers is a daunting prospect for scholars, preachers, and students. It covers part of the Israelites' wilderness years between Egypt and the land of the promise, seemingly very different to and detached from our modern context. Yet God's covenant love remains the same and the book of Numbers remains extremely relevant for ecclesiology and for the church's life within the already-not-yet of the present wilderness era. In his magisterial new commentary, Morales carefully demonstrates the ongoing relevance of Numbers, its positive vision for life, and the surprising challenge it offers to contemporary Christians. This detailed and comprehensive commentary sheds fresh light on a part of the Bible often referenced yet rarely preached and explained. Within this commentary on Numbers 20-36, form and structure sections examine the context, source, critical and form critical issues, and rhetorical devices of each passage. Comment sections offer thorough, detailed exegesis of the historical and theological meaning of each passage, and explanation sections offer a full exposition of the theological message within the framework of biblical theology and a commitment to the inspiration and authority of the Old Testament. Volume 2 covers chapters 20-36 and includes Morales' rigorous bibliography and extensive indices. An annotated translation of the Hebrew text by L. Michael Morales forms the basis for his comments. The Apollos Old Testament Commentary aims to take with equal seriousness the divine and human aspects of Scripture. It expounds the books of the Old Testament in a scholarly manner, accessible to non-experts, and it shows the relevance of the Old Testament to modern readers. Written by an international team of scholars, these commentaries are intended to serve the needs of those who preach from the Old Testament as well as scholars and all serious students of the Bible.
