The Event Industry My City Links, 2025-04-01 Coming of Age How the event industry is reshaping the social and cultural landscape The event industry as we know it today is a far cry from the modest beginnings and tentative first steps witnessed a few decades ago Over the years it has seen steady growth in Odisha fuelled by heritage tourism and government backed initiatives Bhubaneswar Cuttack and Puri have emerged as prime destinations for events spanning the entire spectrum from dance and music to social and cultural gatherings Read all about it in our Cover Story Ideas conversations and lots more That's what the Bocca Book Cafe promises for lovers of literature culture and the arts City Lights brings you highlights from the launch event which was marked by an insightful conversation with the author of a book that is way off the beaten track The section also has a special feature to mark World Book Day City Tales continues with the series on temple tanks in Bhubaneswar This time the focus is on how their very existence is under threat today thanks to rapid urbanization coupled with neglect In City Health we bring you some expert tips on how to practice a Yoga pose that has to do with stretching and flexibility Our CityZen for the edition is Anand Poddar a dynamic entrepreneur who believes in balancing business with social impact He talks to us about his journey so far City Biz narrates the inspiring story of some intrepid women who are breaking the proverbial glass ceiling with their culinary skills It has been cricket all the way since the latest edition of the Indian Premier League kicked off last month and it has stirred a debate on the state of the game in Odisha In City Sports experts and coaches weigh in on why cricketers from Odisha have been finding it tough to make a mark on the national scene Recent years have seen innumerable instances of how social media can amplify the reach of traditional art forms The latest example is that of a 30 year old Odia Sambalpuri song that has got a fresh lease of life after it went viral on social media platforms Read all about it in ScreenShots It's not often that one talks about Indian cinema and science fiction in the same breath Malayalam film Gaganachari is however an unexpected and welcome exception In Cityflix we take a look at how the film uses science fiction laced with humour and distinct facets of human relationship to weave together a gripping tale

Intercultural Communication and International Students Anastassia Zabrodskaia , Jiayi Wang, 2025-12-17 With internationalization high on the agenda of education providers worldwide the complex relationship between intercultural communication and the international student phenomenon deserves close study Being an international student is a great opportunity to be exposed to a new language and culture and to develop intercultural communication skills

Traditionally the phrase international students refers to those who undertake all or part of their education in a country other than their own. For present purposes though we adopt a broad definition of the phrase to include transnational education (TNE) students who are often regarded as international students by their awarding institutions. The number of international students pursuing tertiary education reached 6.3 million in 2020 up from 2 million in 2000 and this number continues to grow (UNESCO Institute of Statistics, 2023). The recent decade has also seen a tremendous expansion of TNE especially during the COVID-19 pandemic both in terms of size and scale. TNE is the delivery of education in a country other than the one in which the degree granting institution is based. TNE takes many diverse forms including dual degrees, joint institutes and international branch campuses to name but a few. In many cases students can get a foreign degree without ever leaving their home country or region. Research on international students is often scattered across different disciplines including communication, education, psychology and language and linguistics. The field of intercultural communication, a term often used interchangeably with cross-cultural communication, investigates how people from different cultural backgrounds communicate. The combination of intercultural communication and international students is a broad and fascinating topic of research. Extant research on the topic has mainly focused on the following areas: international students' perceptions of intercultural communication, the difficulties faced by international students and the correlations between different variables, e.g. intercultural communication competence and effectiveness, intergroup anxiety, intercultural sensitivity, attitude towards other cultures, meta-stereotypes, sensation seeking, ethnocentrism, empathy, mindfulness and motivation to engage in intercultural communication. These studies have offered valuable insights into the predictors of intercultural communication competence and effectiveness and the pathways for developing this competence and effectiveness. However, intercultural communication and international students is a complex topic that requires a multifaceted approach that transcends disciplinary boundaries. Research on the topic is lagging behind the growth of student numbers and there are many gaps and underexplored areas. For example, TNE students have rarely been studied from an intercultural communication perspective and international students' perceptions of intercultural communication are much less explored than those of faculty and home students. Additionally, while academic advising has been found to be vital to international student success, academic advisers have reported a lack of institutional training on how to deal with international students. The actual intercultural interactions of and with international students have rarely been studied in detail. Against this background, this Research Topic seeks to create interdisciplinary dialogue and cooperation exploring the gaps and underexamined areas of intercultural communication and international students. Themes to be addressed include but are not limited to the following: language and communication, intercultural communication competence and effectiveness, intercultural interaction, international student experience, transnational education, TNE, internationalization.
