

College Rankings On Sale

Rachel S Tattersall

College Rankings On Sale:

College For Sale Wesley Shumar, 2013-10-23 This text provides a framework for understanding higher education in the US and other western countries since the 1970s whereby the logic of the market place has increasingly come to dominate all arenas and in context the education system The author calls this process commodification and he describes the transformation of universities in the US and elsewhere as they attempt to accomodate the enforced changes on their academic lives and those of their students The book chronicles changes with the increasing focus on career and the movement towards the instrumental functions of education the financial crisis and the development of a more corporate approach to education of consumption that produce universities heavy with expensive well equipped and powerful administrations and decreasing numbers of ever more disenfranchised faculty Research Handbook on University Rankings Hazelkorn, Ellen, Mihut, Georgiana, 2021-12-10 Gathering unique and thoughtful contributions from leading international scholars this timely Research Handbook offers diverse perspectives on university rankings twenty years after the first global rankings emerged It presents an in depth analysis that reflects the current state of research on rankings their influence and impact **It's Not What You Sell, It's What You Stand For** Roy M. Spence Jr., 2009-02-05 Who is Roy Spence and what makes him the Pied Piper of Purpose Over the last thirty five years Roy Spence has helped organizations such as Southwest Airlines BMW the University of Texas Walmart the Clinton Global Initiative and many others achieve greatness by getting them to obsess about one big idea purpose With purpose as the North Star employee engagement is higher competition is less threatening customers are more loyal and innovation flows It s the secret to developing a more fulfilling work life as well as a healthier bottom line Simply put purpose is a definitive statement about the difference you are trying to make in the world As Spence writes It s your reason for being that goes beyond making money and it almost always results in making more money than you ever thought possible It s not soft stuff as some might scoff Especially during times of great economic uncertainty purpose is the key to creating and maintaining a high performing organization It deserves just as much attention as strategy execution and innovation A real purpose can t just be words on a piece of paper It has to get under the skin of every member of your organization like Southwest s purpose of democratizing the skies or Walmart s of saving people money so they can live better If you get it right your people will feel great about what they re doing clear about their goals and excited to get to work every morning No organization is too big or too small too niche or too mundane to benefit from a clearly defined purpose Spence and coauthor Haley Rushing share their insider insights and case studies to help you discover your organization s purpose proclaim it to the world and apply it to everything you do This book will force you to address some tough and profound questions What difference do we want to make in the world What do we really stand for Do we have purpose based leaders in key roles Do our employees feel like what they do matters Would our customers miss us if we ceased to exist Do we bring our purpose to life everywhere we can both internally and externally Spence s hard

won lessons will change the way you view your job your business model your leadership style and your marketing They will help you make money make a difference and with a little luck make history *Business Rankings Annual* ,1999-11 The staff of the Business Library of the Brooklyn Public library answers more than 175 000 reference questions each year many of them requests for rankings information To provide quick answers to questions in the highest interest subject areas we have compiled Business Rankings Annual Working from bibliographic file we have built up over the years we have culled thousands of items from periodicals newspapers financial services directories statistical annuals and other printed material The top ten from each of these rankings appears in this volume grouped under standard subject headings for easy browsing

Washington State Retail Survey Eureka Group,2015-06-15 In depth analysis of retail market trends in every city and county in Washington State Eleven years of retail sales and outlet data for every local market Publication includes over 800 charts and analytical rankings and indices for each market area

Influence of University Rankings on Institutions: Ethics, Controversies, and Competition Kayyali, Mustafa,2025-10-16 The influence of university rankings on higher education institutions reveals ethical concerns controversies and increased global competition As rankings become a measure of academic prestige many universities align their strategies with ranking criteria sometimes at the expense of educational values This pursuit of higher rankings often drives institutions to invest in research output and international visibility while potentially neglecting teaching quality or community engagement Criticisms emerge over the transparency and fairness of ranking methodologies raising questions about their validity and the consequences they produce Further exploration into the ethical implications of rankings may reveal new contentious practices and competitive dynamics shaped by the prioritization of university rankings Influence of University Rankings on Institutions Ethics Controversies and Competition explores how the pursuit of higher university rankings influences institutional priorities behaviors and decision making processes It examines the ethical dilemmas methodological controversies and competitive pressures that arise from global ranking systems This book covers topics such as mental health teacher education and ethics and bias and is a useful resource for educators policymakers government officials psychologists academicians researchers and scientists
