understand the user's expectations. Besides the usage patterns have to be described especially against the background of security aspects. As mentioned before, recent analyzes did not specifically ask what the user expects from a smartphone. Hence the main objective of this work is to get a broad picture on how smartphones are used today and what users expect, taking into consideration security aspects. An international web-based online survey was designed and performed to measure and analyze users' behaviour when using smartphones with the aim of finding out what they want and expect from a smartphone. The main goals were to identify user needs in the context of smartphones to analyze their knowledge and acquisition to security aspects and to get significant data about the user's behaviour. The main findings of the survey are that on the one hand most of the users want a smartphone to provide classic mobile phone features such as performing phone calls, writing messages or storing contacts. On the other hand they want a smartphone to provide mobile internet access, navigation features, multimedia aspects, a comfortable usability and a good look.

Haunted Empire Yukari Iwatani Kane, 2014-03-18 Former Wall Street Journal technology reporter Yukari Iwatani Kane delves deep inside Apple in the two years since Steve Jobs's death, revealing the tensions and challenges CEO Tim Cook and his team face as they try to sustain Jobs's vision and keep the company moving forward. Steve Jobs's death raised one of the most pressing questions in the tech and business worlds: Could Apple stay great without its iconic leader? Many inside the company were eager to prove that Apple could be just as innovative as it had been under Jobs. Others were painfully aware of the immense challenge ahead. As its business has become more complex and global, Apple has come under intense scrutiny, much of it critical. Maintaining market leadership has become crucial as it tries to conquer new frontiers and satisfy the public's insatiable appetite for insanely great products. Based on over two hundred interviews with current and former executives, business partners, Apple watchers and others, *Haunted Empire* is an illuminating portrait of Apple today that offers clues to its future. With nuanced insights and colorful details that only a seasoned journalist could glean, Kane goes beyond the myths and headlines. She explores Tim Cook's leadership and its impact on Jobs's loyal lieutenants, new product development and Apple's relationships with Wall Street, the government, tech rivals, suppliers, the media and consumers. Hard-hitting yet fair, *Haunted Empire* reveals the perils and opportunities an iconic company faces when it loses its visionary leader.

The Power of Mandate: How Visionary Leaders Keep Their Organization Focused on What Matters Most Scott Stawski, 2019-06-28 The book that reveals how today's most successful leaders turn vision into reality, featuring profiles of Jeff Bezos, Bill Gates, Mark Zuckerberg, Steve Jobs, Reed Hastings, Mike Lawrie and more. Consensus Negotiation: Compromise. A democratic approach to leadership drives most organizations today. Simply put consensus is an innovation killer The most successful disruptive companies are propelled forward by mandate driven leaders These leaders are inspired by a compelling belief idea strategy or tactic Through their willpower organizations are thrust into the future The mandate driven leadership model is the hallmark of visionaries who have changed entire industries and sustained consistent innovation in their own companies The Power of Mandate reveals what it takes to be an effective leader in today s disruptive business environment You ll learn how the most audacious visionaries managed turn their visions into reality This timely book will help you Discover your inner visionary Avoid the pitfalls of consensus leadership Create a mandate driven culture Develop leadership skills in others and more Profiles of the most successful mandate driven leaders including Amazon s Jeff Bezos Apple s Steve Jobs Facebook s Mark Zuckerberg Netflix s Reed Hastings Airbnb s Brian Chesky DXC Technology s Mike Lawrie and Microsoft s Bill Gates provide invaluable leadership lessons you can begin applying today
