The 5-Minute Miracle: Unlocking Productivity in a Snap Joseph Libatique, **Teen Boys and their Smartphones as Worldmaking Devices** John Magnus R. Dahl,2025-07-16 This book is about how teen boys use their smartphones to create a world for themselves and their peers Based on an ethnographic fieldwork spanning two years and following six teenage boys on and offline the book investigates what kind of worlds these boys are making and how It explores the ways in which teen boys connect with other people and express themselves how they gain agency and make shared worlds It also asks to what extent this worldmaking is shaped by the opportunities and constraints of technology as well as by social and cultural patterns and the individual existential projects of its creators A key finding of the book is how smartphone technology offers boys belonging to an ethnocultural or sexual minority new opportunities and agency This book sheds much needed light on how the smartphone impacts teenage lives and breaks new ground with its focus on boys and by introducing the worldmaking perspective inspired by the thinking of Hannah Arendt to the study of digital lives
