Lin, 2021-08-03 From the acclaimed author of Taipei a bold portrait of a writer working to balance all his lives artist son loner as he spins the ordinary into something monumental An engrossing hopeful novel about life fiction and where the two blur together In 2014 a novelist named Li leaves Manhattan to visit his parents in Taipei for ten weeks He doesn t know it yet but his life will begin to deepen and complexify on this trip As he flies between these two worlds year by year over four years he will flit in and out of optimism despair loneliness sanity bouts of chronic pain and drafts of a new book He will incite and temper arguments uncover secrets about nature and history and try to understand how to live a meaningful life as an artist and a son But how to fit these pieces of his life together Where to begin Or should he leave society altogether Exploring everyday events and scenes waiting rooms dog walks family meals while investigatively venturing to the edges of society where culture dissolves into mystery Lin shows what it is to write a novel in real time Illuminating and deeply felt as it builds toward a stunning if unexpected romance Leave Society is a masterly story about life and art at the end of history A
