GAME STORY

At the Japanese Imperial court, a long long time ago... After a long series of disputes, diplomatic relations between Japan and China are finally on the mend. In order to properly celebrate this alliance, the Chinese Emperor gifted to his Japanese counterpart a sacred animal, a Giant Panda bear, a symbol of peace.

The Japanese Emperor has entrusted his court members (the players), with the difficult task of caring for the animal by setting up his bamboo garden. The players

will cultivate the land plots, irrigate them and grow one of the three species of bamboo (Green, Yellow and Pink) with the help of the Imperial gardener.

They will have to bear with the ravenous hunger of the sacred animal for the juicy and tender bamboo...

Developments in the Japanese Documentary Mode Marcos Centeno,Michael Raine,2021-06-10 Writing on Japanese cinema has prioritized aesthetic and cultural difference and obscured Japan s contribution to the representation of real life in

cinema and related forms Donald Richie who was instrumental in introducing Japanese cinema to the West even claimed that Japan did not have a true documentary tradition due to the apparent preference of Japanese audiences for stylisation over realism a preference that originated from its theatrical tradition However a closer look at the history of Japanese documentary and feature film production reveals an emphasis on actuality and everyday life as a major part of Japanese film culture That documentary mode crossing genre and medium like Peter Brooks melodramatic mode rather than limited to styles of documentary filmmaking alone identifies rhetoric of authenticity in cinema and related media even as that rhetoric was sometimes put in service to political and economic ends The articles in this Special Issue Developments in the Japanese Documentary Mode trace important changes in documentary film schools and movements from the 1930s onwards sometimes in relation to other media and the efforts of some post war filmmakers to adapt the styles and ethical commitments that underpin documentary s impression of authenticity to their representation of fictional worlds
