*Prequels, Coquels and Sequels in Contemporary Anglophone Fiction* Armelle Parey, 2018-09-03 This book offers to delineate a key phenomenon in contemporary Anglophone fiction novel expansion when the plot and characters from a finished novel are retrieved to be developed in new adventures set before, after or during the narrative time of the source text If autographic and allographic sequels are almost as old as literature prequels that imagine the anteriority of a narrative and coquels that develop secondary characters in the same story time as the source text are more recent The overall trend for novel expansion spread in the mid 1980s and 1990s and has since shown no sign of abating This volume is organised following three types of relationships to the source texts even if these occasionally combine to produce a more complex structure This book comprises 11 essays preceded by an introduction that examine narrative strategies aesthetic ethical and political tendencies underlying these novel expansions Following the overview provided in the introduction the reader will find case studies of prequels coquels and sequels before a final chapter that encompasses them all and more

*Sweet* Tammara Webber, 2015-04-27

From the author of NYT bestsellers Easy and Breakable, a standalone novel in the Contours of the Heart series. He's the love of her life, but he doesn't know it. She's his one moment of sacrifice in a lifetime of survival. He was damaged and wild, but resilient. She's always been obedient, now she's restless. Home for the summer between college and med school, Pearl Torres Frank knows two things: Boyce Wynn is the embodiment of everything she should run from, and everything she wants to run to. Rebellious and loud, unconcerned with society's opinion of him, Passionate, Strong, Dangerous. And one more trait he hides from everyone but her: Sweet.

**Brave** Tammara Webber, 2017-12-19

From the author of New York Times bestsellers Easy and Breakable, a standalone novel in the Contours of the Heart series. Courage means rising up to defend your beliefs or daring to question them. Erin McIntyre was captivating, but forbidden. His professional subordinate, the embodiment of unearned privilege. The daughter of his sworn enemy, Isaac Maat, was impossible to read. Smart, ambitious, and emotionally detached. Hotter than anyone's boss should ever be. And definitely hiding something. He told himself that getting to know her would help him take down her father. She told herself that getting under his skin would distract her wrecked heart from its misery. Neither predicted their private war would lead to an intimate battle in which the victor would be the first one to surrender.
