Seaver, 2004-04 *College Algebra* Judith A. Beecher, Judith A. Penna, Marvin L. Bittinger, 2004-03 The BPB team has created a book where the use of the graphing calculator is optional but visualizing the mathematics is not. By creating algebraic visual side by sides to solve various problems in the examples the authors show students the relationship of the algebraic solution with the visual often graphical solution. In addition to helping students visualize the math with side by sides the authors focus on helping students make the connection between x intercepts, zeros and solutions both visually and algebraically
