

THE THIRD MISSION SPACE ARMADA

By now, Fox's ARWING is faring well. What's more he is able to increase his chances of victory by grabbing the extra ship from the mid of the start of this stage. Next, he encounters one of the armada's huge navigation ships. These are no great threat but fall impressively after repeated blasts to their antennae.

As the aim of this part of the mission is the destruction of the armada's huge battle cruisers it follows that Fox and a fellow brave wingman launches an attack at the first of two. Two ARWINGS - Fox and whoever - scream down the exhaust port of the vessel and destroy its core. Their passage is blocked by gates and doors, the routines of which require committing to memory. Vertically operated gates are the first kind to greet Fox and their direction is indicated by the arrows embossed on them. The other kind are horizontally sliding doors which are simply blasted out of the way. No worries!

One point of note is that the armada stage begins with the first-point perspective view. When flying inside the battle cruisers this perspective shifts to that of the standard, from behind the ARWING. Re-adjust upon destroying the battle cruisers cores and re-entering space as this makes the going much easier.

After scrapping the second of the battle cruisers engage the ARWING's retros as there is a huge transporter awaiting! Blast this and head left as there are three more for the taking and a supply ring which adds Fox's ARWING's depleting shield.

WARNING! BOSS 3 APPROACHING ATOMIC CORE

Open the core by eliminating the three pods first. Now punish the core as it opens with everything that the ARWING produces, barrel-rolling for all Fox is worth to deflect common fire. The Core explodes within seconds!
