Superfinos Popular Photographs From Havana:

Popular Thierry Le Goues, 2000-11 New from high profile fashion photographer Thierry Le Goues comes a lavish artist's book **Popular** an earthy luring tome of the rarely shown Havana social scene. In Le Goues' provocative duotone and sensuous four color photographs we're seduced by a culture of great joy amongst great poverty, raucous heat soaked street parties, spirited sparring matches in crumbling gymnasiums, voluptuous nudes plying their wares in derelict mansions, wizened balladeers savoring impossibly large Cohibas. Le Goues' models are drawn from the street, a mixture of Buena Vista Social Club stars and underground legends, the miscegenation of which in Le Goues' expert fashion sense serves to create a raw, sexy style. One of abandon out of necessity, out of a lust for life, a spirit Le Goues sees in Cuba as ubiquitous as the cigarettes from which the book draws its name.

Invento, luego resiste Elzbieta Skłodowska, 2016 El vertice del presente libro es el arte de inventar en la vida cotidiana y en la produccion cultural en Cuba durante y despues del Perodo Especial en Tiempos de Paz 1990-2015. Aunque el termino Perodo Especial fuera una coartada retorica del gobierno para enmascarar la crisis, su significado en la experiencia memoria y conciencia tanto individual como colectiva adquiere proporciones picas de una demarcacion epochal. La extraordinaria creatividad de los cubanos para resolver las carencias cotidianas con humor e ingenio ocupa una gran parte de las paginas que siguen. Por otro lado, la autora se detiene en las novedosas y originales invenciones de carácter literario y artístico que usan la precariedad de recursos como un estmulo para la imaginación. Dentro del corpus primario de este libro, textos clasificables como literarios, cuentos, novelas, poemas, obras teatrales, coexisten con testimonios, filmes documentales, manuales de autoayuda, actos de performance y artefactos de cultura material. Al recoger tanto el capital simbólico de la crisis como la elusiva materialidad de los 1990, Elzbieta Skłodowska recopila un archivo que más allá de su función documental es un homenaje al espiritu de un pueblo que inventa y se reinventa para existir y resistir.

American Photo, 2001 **Popular**, 1986 **Havana**, 2004 **Walker Evans** Walker Evans, Gilles Mora, 1989 A sumptuous, never before available collection of stunning pictures of pre-Revolutionary Havana. Evans' first great work.

Cuba Then Ramiro Fernández, 2014-04-15 Vintage photos from one of the largest archives of Cuban photography in the world capture the island's history. The enduring fascination of Cuba intensifies as the island once again becomes a seductive travel destination. From Ramiro Fernández whose collection of Cuban photography and ephemera is one of the largest outside of the island nation, comes a dazzling array of images of Cuban life, lifestyle, glamour, customs and struggle from the nineteenth century to the Revolution. From the earliest daguerreotypes to glamorous shots of movie stars, the country's history is represented by a rich spectrum of personalities: race car driving aristocrats, sultry showgirls, gangsters, everyday folk and revolutionaries who would soon transform the nation. Rare images are showcased: a portrait of Castro as a schoolboy, a bare-chested Che Guevara and Heinz Linge, the only Nazi spy executed in Latin America during World War II, and the unwitting inspiration for Graham Greene's *Our Man in Havana*. With nearly 300 exceptional images and a foreword and poetry by Richard Blanco, the poet

selected for President Obama's second inauguration this is a multifaceted look at Cuba then **Havana** Michael Eastman, 2011 Renowned photographer Michael Eastman pays haunting tribute to Havana's faded glory In his numerous works internationally acclaimed photographer Michael Eastman often focuses on the facades and interiors of the world's cities such as Paris Rome and New Orleans In this book he explores the houses and streets of Havana Nearly one hundred photographs from the past two decades reveal a world where triumphant past and vanquished present collide Painterly in quality these richly colored photographs are dramatically lit and exquisitely detailed Though mostly devoid of people they manage to capture contemporary Cuban life through suggestion an empty chair an ancient car a decrepit hallway a forgotten chandelier The result is as eloquent as a love poem written to a city rich in history culture and feeling **Bernhard**

Hartmann, Havana. Ediz. inglese, tedesca e francese, 2016 Havana Just saying the name evokes images of bright Caribbean colors American cars with fins from the 50s and once glorious buildings fallen into ruin Now that this socialist island country is open once more this picture will soon change Now is the time to pause for a moment and take a closer look at Cuba's capital city Bernhard Hartmann starts on the streets showing us cafes shops and boxing clubs but he also takes us behind the facades of the mansions whose well worn charms immediately captivate the viewer Crumbling plaster cracked walls worn stair treads we see all of this in the pictures and yet these places are vibrant and alive Traces of bourgeois life dignified and stylish survive despite the adversity masterfully captured in brilliant photographs Text in English German and French **Cuba—Going Back** Tony Mendoza, 2010-07-05 A subtle yet striking collection of sepia like photographs depicting life in Cuba coupled with the perceptive observations of a Cuban exile returning home Miami Herald Imagine being unable to return to your homeland for thirty six years What would you do if you finally got a chance to go back In 1996 after travel restrictions between the United States and Cuba were relaxed Cuban exile Tony Mendoza answered that question Taking his cameras notebooks and an unquenchable curiosity he returned for his first visit to Cuba since the summer of 1960 when he emigrated with his family at age eighteen In this book he presents over eighty evocative photographs accompanied by a beautifully written text that mingles the voices of many Cubans with his own to offer a compelling portrait of a resilient people awaiting the inevitable passing of the socialist system that has failed them His photographs and interviews bear striking witness to the hardships and inequalities that exist in this workers paradise where the daily struggle to make ends meet on an average income of eight dollars a month has created a longing for change even in formerly ardent revolutionaries

At the same time Cuba Going Back is an eloquent record of a personal journey back in time and memory that will resonate with viewers and readers both within and beyond the Cuban American community It belongs on the shelves of anyone who values excellent photography and well crafted prose This book based on the photos and interviews he conducted on his trip is a remarkable first hand account of today's Cuba **Library Journal** **Weekend in Havana** Robert A McCabe, 2007-01-01 An insightful exploration of the people of Havana and their daily activities as seen through the lens of the American

photographer Robert A McCabe Both Cuba and the United States have strict rules governing photographic activity in Cuba The U S carefully delineates what kinds of photographic undertakings are forbidden while Cuba has in the past imprisoned photographers for giving a distorted image of Cuban reality Nevertheless photographer Robert A McCabe managed to satisfy the many regulations and spent four eventful days in Havana taking pictures of a people rarely seen by the rest of the world Weekend in Havana celebrates Havana's citizens in a compilation of moving and thought provoking photographs 97 in total and all in full color From images of buildings which combine classical influences with splashes of vibrant color to intimate portraits of the people the book's presentation of Havana is fresh and realistic The reader will meet a range of closely observed personalities such as a policeman patrolling in a shabby police car an expression of boredom and frustration flitting across his face women young and old labeling bottles of rum in a factory and children in both the red school uniforms of the Communist regime and in everyday American clothing Introductions by Robert A McCabe and Andrew Szegedy Maszak who has published widely on the history of photography cover such topics as the difficulties facing photographers in Cuba the differences between popular conceptions of Cuba and its reality and the poverty politics and flux between old and new which mark Havana today Weekend in Havana is a trilingual edition featuring English Spanish and Greek making the book uniquely accessible

Havana: Split Seconds, 2018-12-04 In July 2015 Abe Kogan navigated the streets of Havana camera in hand capturing the evocative beauty of an isolated island frozen in time Kogan's black and white photographs devoid of picturesque tropical landscapes and charming beach scenes are provocative intimate portraits of the daily lives of the Habaneros These inner city vignettes reveal Havana's urban pulse and focus on the dynamic community that inhabits a world on the brink of change This book captures life on the pavement which is where Havana's citizens spend their time gossiping over balconies and languishing in the doorways of the once glorious buildings that have fallen into ruin their expressions marked by both vitality and hardship

Epic of the Americas Ralph Prins, 1989 A Few Streets, a Few People John Comino-James, 2006 Beyond the tourist facade everyday life in a small neighbourhood of Havana **Havana in My Heart** Gareth Jenkins, 2002 A wonderful pictorial guide to Havana old and new this book captures the stunning architecture vibrant sounds and ageless traditions of this unique and often turbulent city One hundred of the most evocative black and white photographs both recent and vintage have been brought together to tell the story of this extraordinary city The photographs from an array of remarkable Cuban photographers including Osvaldo Sala chronicler of the Revolution Alberto Diaz Gutierrez Korda and Libono Noval as well as many rare photographs from the Cuban National Library private collections and archives examine the link between Havana's present and its varied past **Havana**, 2018 Havana triggers a wealth of images and projections in our mind's eye Beyond the clichés the photographer Eva Maria Fahrner Tutsek focuses her gaze on everyday life in Havana Her photographs show life in the streets and the mood of the people As we look and read the light and dark sides of the capital of Cuba are gradually revealed **Cuba by Korda** Alberto Korda, 2023-01-31 Cuba's greatest

photographer captures the spirit of the Cuban Revolution and of Cuba itself in unforgettable images and text Korda's photographs and breathtaking reminiscences capture some of the 20th century's greatest moments with unprecedented intimacy as no other book ever could or will. In the first weeks of 1959 Korda joined the staff of the newly created daily newspaper of Cuba Revolución. From that moment on Korda documented the heady early days of revolutionary Cuba. When Fidel Castro visited the United States in April 1959 Korda went with him. When Castro visited the Soviet Union in 1963 and 1964 Korda was there documenting intimate moments with Soviet leader Nikita Krushchev's family and appearing to show the end of the breach that had followed their country's divergent policies during the Cuban Missile Crisis of October 1962. But probably Korda's greatest moment came on March 5, 1960 during a funeral ceremony for the victims of the sabotaged French freighter *La Coubre* a ship carrying arms purchased by the Cuban military. Fidel knew the attack to be the work of America's CIA. And it altered relations between the two countries forever after. Korda was less than a dozen steps from the platform where Fidel Castro was addressing the crowd of mourners. There were foreign observers present including Jean Paul Sartre and Simone de Beauvoir. Che stepped forward to look over the crowd. Korda shot him through his telephoto lens even though he was near to him. The result would turn into nothing less than one of the most enduring images of our age though the picture would not see light of day for another year. It was first published on April 15, 1961 just before the Bay of Pigs invasion and would only become well known when Che's Italian publisher Gianfranco Feltrinelli printed thousands of posters of the image shortly after Che's death.
